VICTORIA, B. C., MONDAY, NOVEMBER 11, 1912

THIRTY KILLED AND FIFTY INJURED

RESULT OF COLLISION
ON SOUTHERN RAILWAY

Freight Train Runs Into Cars
Carrying Negro Excursion-
ists—Colored Victims

New Orleans, La., Nov. 11.—Thirty persons were killed and more than fifty injured in a wreck on the Yazoo & Mississippi Valley railroad early today when a freight train crashed into an excursion passenger train bound from New Orleans to Woodville, Miss.

The wreck occurred near Montz, La., about twenty-seven miles north of New Orleans. A train carrying many of the injured and a number of dead has arrived in New Orleans.

The excursion train left New Orleans at 11 o'clock last night, carrying several hundred people, who had spent Sunday at New Orleans. It slowed down on approaching a sharp curve near Montz soon after midnight, and the freight train crashed into the rear coaches. Many of the victims were so badly mangled as to make identification impossible.

Memphis, Tenn., Nov. 11.—Reports to the office of General Superintendent Morris, of the Yazoo & Mississippi Valley railroad state that fifteen persons are known to have died in the wreck near New Orleans. Many were injured. All of the known dead are negroes, the railroad reports say.

New Orleans, La., Nov. 11.—Of the thirteen bodies recovered, nine were negroes and four were whites. Of the injured, who may total seventy or more, the majority, it is said, are whites.

An official statement issued by the railroad company placed the blame on a brakeman named Cunningham. The two rear coaches, which were telescoped by the freight, engine caught fire immediately.

Passengers, who had escaped injury rushed into the wrecked coaches, and dragged the dead and injured from reach of the flames. Several occupants of the front coaches who escaped injury were badly burned in their efforts to save those less fortunate.

White men risked their lives to save injured negroes from the rapidly-spreading flames, and negro men rushed into the steam and flames to rescue white persons as well as members of their own race.

MEDICAL MEN IN SESSION AT OTTAWA

Arranging for Removal of Restrictions Upon Practitioners
in Canada—Delegates

Ottawa, Nov. 11.—The medical men who came to the capital last week to organize the Dominion Medical Council, under the provision of the legislation passed during the session of 1910, continued their sessions Saturday, when provincial representatives of the council were chosen as follows: Manitoba, Dr. R. S. Thornton, Dr. J. B. Gray; Saskatchewan, Dr. Thompson, Dr. Young; Alberta, Dr. Brett, Dr. John Park; British Columbia, Dr. E. E. McKechnie, Dr. R. E. Walker; Ontario, Dr. W. Spankie, Dr. R. J. Gibson; Quebec, Dr. Torrance, Dr. Arthur Simard; New Brunswick, Dr. A. G. Atherton, Dr. W. W. White; Nova Scotia, Dr. A. W. Lindsay, Dr. John Stewart; Prince Edward Island, Dr. Jenkins, Dr. Macneil; representatives of the governor-in-council, Dr. T. G. Roderick, Montreal; Dr. Baptie, Victoria, B. C., and Dr. Kennedy, McLeod, Alta. The representative of Manitoba University is Dr. R. F. Jones, of Winnipeg.

Much constructive work is being done by the delegates with a view of settling up the necessary registry, etc., as arranged for under the Canadian Medical Act.

For sixteen years medical men have been striving to have a general system of licenses set up for the whole Dominion of Canada. In the year 1894 the Canadian Medical Association, under the inspiration of Dr. Roderick, of Montreal, started its negotiations to have the old system improved. Under this medical men could only practice in the province in which they had taken a license, and if they wished to practice in another province they had to pass examinations all over again. This caused great inconvenience to the public and the profession, and now the first meeting of the Canadian Medical Council, established under the Canadian Medical Act of 1910, is doing the constructive work of forming a system by which medical men may, by being registered and paying the necessary fees, practice in any part of the Dominion.

ROYAL GEORGE IS STILL ON ROCKS

LIKELY TO REMAIN
FOR COUPLE OF WEEKS

Sensational Rumors in Regard
to Manner of Grounding
of Vessel

Quebec, Nov. 11.—The C. N. R. liner Royal George is still in the same position on the rocks one mile east of Point St. Lawrence and is likely to remain there until the next high tide, which does not occur until the 26th of the month. No effort was made to pull the vessel from her position on Saturday evening or to-day, which goes to prove the seriousness of her position and the fear that should she be hauled off she would go to the bottom on account of the condition of her bottom. The position of the Royal George is considered so serious that today a rumor is current that the company had come to the conclusion to abandon her to the underwriters. On making inquiries in this regard the Canadian Press was informed that such a proposition had been made by a party from the west representing the company, but it was not likely that the advice would be entertained, for the reason that no owners of ships in difficulty could abandon their property to the underwriters until they can prove that they have done everything possible to save the property concerned.

Shipping experts interested in the release of the Royal George do not deny the risk of hauling the ship off the rocks is a serious problem, but don't give up hope of their ultimate success.

A rumor was current Saturday and to-day that the Royal George while running off her course and too near the shore in the vicinity of Madam Island, grounded and damaged her bottom to such an extent that it was found necessary to beach the liner below Point St. Lawrence, and this was responsible for her position. Inquiries were made to learn the truth of this rumor, and brought forth an emphatic denial. If such were true there would be no reason to deny the facts, as they would be bound to come out in evidence at the forthcoming marine investigation to learn all the particulars and fix the responsibility for the accident.

Abandoned to Underwriters.

Montreal, Nov. 11.—The Canadian Northern liner Royal George has been abandoned to the underwriters. Notice to this effect was cabled to London yesterday by Vice-President D. B. Hanna, who has charge of the steamship department. Mr. Hanna states that it was not owing to a belief that the Royal George was badly damaged that the steps had been taken, but that the company were assuming the worst and that in such a case they had but taken the proper steps to protect both the underwriters and themselves.

Mr. Hanna said: The Royal George was insured for \$1,275,000, but the amount would not cover the cost of repairs to the liner. He placed this between \$1,700,000 and \$2,000,000. Besides this Mr. Hanna said the company would lose a great deal more from loss of traffic and other things which could not be figured in dollars. The Canadian Northern, Mr. Hanna explained, however, were not abandoning the vessel completely, but would continue to make every effort to release it, and if it was considered that it was not too badly damaged, would exert every facility to have it repaired immediately. In that case the vessel would be taken out of the underwriters' hands and rushed to a drydock.

Another serious loss in connection with the wreck, said the vice-president, was the damage done to the freight. According to dispatches received by the railway the freight stored in No. 2 hold, which is the largest, has been badly damaged. At present the company is busily engaged in lightening this hold. Mr. Hanna could give no estimate of the damage, as he has not received any advice as yet. He believed it would be great, however. The cargo in the other holds is not thought to be damaged, as several of these have been lightened already and no great damage has been discovered.

Mr. Hanna denied the rumor that the vessel was abandoned "owing to the fact that the bottom was so badly damaged that if the vessel were taken from the rocks it would sink. He said the company had divers down daily and that at the present they could not give any definite information regarding the exact extent of the damage. He also declared there was no truth in the story that the liner was running off the course and too near the vicinity of Madam Island, and that on striking bottom was injured to such an extent that it was necessary to beach her at Point St. Lawrence.

DEATH WILL BE INVESTIGATED.

Moose Jaw, Sask., Nov. 11.—Alonso B. Jackson, printer, should have appeared as complainant in the police court this morning, charging assault against men who set on him at a dance a few nights ago, but he died this morning. The doctor gives the cause as scarlet fever, but inquiries will be made. At the dance referred to the lights went out and Jackson remonstrated with some men regarding their conduct.

JAMES BRYCE WILL RETIRE

DISHEARTENED OVER
REJECTION OF TREATY

Likely to Be Succeeded Shortly
by Sir Cecil Arthur
Spring-Rice

Washington, Nov. 11.—The voluntary retirement of Ambassador James Bryce of Great Britain, which is expected to be formally announced to-day or tomorrow, it is believed, will mark the abandonment of any purpose on the part of the United States to secure the consummation of the pending general arbitration treaty with Great Britain. The first impulse after the senate had amended the treaty during the session in spite of the protests of the administration senators was to immediately abandon the convention and to decline to undertake to induce the British government to accept the amendments, which struck at every essence of the principle of unrestricted arbitration.

After more matured consideration, however, and frequent conferences between Secretary Knox and Ambassador Bryce, the president was disposed to consider the advisability of pressing the treaty to a conclusion, on the theory that it would at least constitute a notice to the world of the intention of the two governments to be guided by the principle of the arbitrations in their further dealings. It was urged also that with the treaty as a foundation it might be possible in the near future to bring the senate to the point of approving the supplementary articles, which in effect would amount to unlimited arbitration.

Recently, however, the administration became convinced of the impracticability of this plan, and it is believed the final decision of the president to drop the treaty was the determining factor in bringing about the ambassador's decision to retire. The ambassador had hoped he might round out his diplomatic career by signing a treaty which would stand as a mile-post in the history of the growth of the international altruism and the peaceful settlement of international disputes.

Sir Cecil Arthur Spring-Rice, who is likely to succeed Mr. Bryce, has had a long and distinguished service in the diplomatic field and is well remembered here for his long services at the British embassy during the days of Lord Londonderry. At the Foreign Office in London he has held many important posts and has been closely identified at various times with Lord Rosebery, and more recently with Lord Curzon while viceroy of India. Sir Arthur was at the British embassy here at the time Lord Curzon came to marry Miss Leiter, and was one of the leading figures in the international ceremony. Later he was minister to Persia, where he carried forward the Curzon policy of a mutual Anglo-Russian policy as to Persia. He retired from the Persian post previous to the storm which raged during the residence there of Mr. Morgan Shuster. More recently he has been British minister to Sweden.

CAUGHT NAPPING.
Asquith Government Suffers Reverse
in House on Home Rule Bill.

London, Nov. 11.—The government was defeated to-day by a vote of 228 against 206 in committee on the Home Rule bill. A motion by Premier Asquith for further consideration was adjourned.

PREMIER ASQUITH'S GUILD HALL SPEECH

London Newspapers Comment
the Emphatic Tone of the
Minister's Utterances

London, Nov. 11.—To-day's newspapers are wholly commendatory to Premier Asquith regarding his speech on Saturday at the Guild Hall banquet.

The Times describes it as admirable, while the Standard says: "Behind the reticence appropriate to the occasion may be discerned a sedate confidence in the triumph of patience and common sense."

The Daily Mail declared that the speech was everything that a British prime minister's utterance on such an occasion ought to be.

NURSE GETS HEAVY DAMAGES.

San Jose, Cal., Nov. 11.—The suit of Miss Ethel Townsend, a trained nurse, against three local physicians for an incurable X-ray burn which she sustained on October 25, 1909, was decided by the jury yesterday in favor of the plaintiff. Miss Townsend was awarded \$17,283 damages, \$20,000 having been asked. The operation in question is said to have been unique in the history of medicine.

SERBIAN ARMY NOW ON ADRIATIC SEA

NEWS SEEMS TO HAVE
ALARMED AUSTRIA

Which is Reported About to
Take Action for Definition
of Her Position

Uzup, Turkey, Nov. 11.—The vanguard of the Serbian army has reached the coast of the Adriatic Sea. It met no armed resistance during its march through Albania, but its progress was slow on account of the deep snow.

Vienna, Nov. 11.—Continuous audiences between Emperor Francis Joseph and the Austro-Hungarian minister of war and the general staff of the army are believed to portend a definite step soon by Austria in regard to the Balkan situation.

Dr. S. Daneff, president of the Bulgarian chamber of deputies, is here hearing, it is said, proposals from King Ferdinand and King Peter connected with Serbia's desire for a portion of the Adriatic Sea.

To these significant occurrences are added the arrival at Buda Pest of Archduke Francis Ferdinand, the heir to the Austro-Hungarian throne to be followed by visit to the German emperor.

Dr. Daneff also is supposed to be empowered to make a special agreement with Austria-Hungary concerning Bulgarian interests and Roumanian claims.

A local newspaper, the "Sonnen und Montags Zeitung," sums up the position of the Austro-Hungarian empire in the Balkan question in the following four points:

1. Assured and unrestricted facilities for access to the eastern markets and free commercial transit to Salonica.
2. The integrity of Albania.
3. The protection of Austria-Hungary's political interests by the creation of local relations with Serbia and the exclusion of political antagonism.
4. Compensation for Roumania.

ASK FOR REPEAL OF LEMIEUX ACT

LABOR REPRESENTATIVES
INTERVIEW GOVERNMENT

Advocate Public Ownership of
Water Powers and Coal
Not in Private Hands

Ottawa, Nov. 11.—President J. Watters, Secretary P. M. Draper, Vice-President Bancroft, Toronto, and several other officers of the Dominion labor congress, waited upon Premier Borden and Hon. T. W. Crothers on Saturday afternoon, and pressed upon them a great variety of subjects in regard to which resolutions were passed at the last annual meeting of the congress.

One of the chief requests made was contained in a resolution asking for a royal commission to investigate the working conditions in the Nova Scotia steel industry.

A federal bill granting cheap, simple and effective facilities for the formation of co-operative societies is advocated. The conservation and public ownership of all water power and coal at present untouched in the Dominion was another request of the delegation.

A long resolution asking for the repeal of the Lemieux Act was presented. It is stated that while believing in the principles of investigation, and while realizing the benefits that would have accrued to certain bodies of workmen under the act, yet, in view of the decisions and rulings of the department of labor in connection with the administration of the act, and in consequence of the judicial decisions, such as that of Judge Townsend in Nova Scotia declaring that to feed a starving man on strike is an offence under the act, they ask for the repeal of the act.

The delegates were given a courteous hearing by the ministers, who gave the usual promise of consideration.

FOUR TRACKS FOR C. P. R.

Important Announcement Regarding
Policy of Railway.

Winnipeg, Nov. 11.—Chief Engineer Sullivan, of the C. P. R., announced this morning at the railway commission meeting that the C. P. R. would begin shortly the construction of two more tracks between Brandon and Fort William, making a four-track road for 600 miles.

G. J. Bury, vice-president, said the company at the same time would begin double-tracking their road from Montreal to Port William.

CANADA SHOULD JOIN AUSTRALIA

IN DEFENCE OF THE
HERITAGE ON PACIFIC

Such is the Opinion of the
Premier of Commonwealth
—Important Declaration

Melbourne, Aus., Nov. 11.—That the success attending the launching of the Commonwealth's compulsory defence scheme was an answer to the criticisms of the world and a reassurance to the British Empire that the Dominions could always be called upon for help in time of trouble, and that it was hoped that Canada would co-operate with Australia and New Zealand in making the Pacific fleet a force to be reckoned with, were statements made by the prime minister, Mr. Andrew Fisher, during the Lord Mayoral installation ceremony at Melbourne to-day.

Continuing his speech, the prime minister declared that Australia was showing her willingness to assume a share in the burden of guarding the Empire's outposts, and he sincerely hoped that the statement of Britain would travel throughout the Empire and witness what was being done.

The Governor-General, Lord Denman, during the course of his installation address, commended the Commonwealth's military scheme on the success attending the initial year, which he believed had proven eminently satisfactory. He did not believe that the Australian scheme tended toward militarism; in fact, he declared that universal military training fostered the required healthy military spirit. Australia and New Zealand stood as the lonely outposts of the Empire in the Southern Seas, with their own problems of defence to solve and their own dangers to guard against.

Admiral Sir George King-Hall, commander-in-chief of the Australian station, said that a large population was necessary to carry out the naval policy.

TWO BOYS DROWNED.

Broke Through Ice While Trying to
Retrieve Ducks.

Stettin, Alta., Nov. 11.—Saturday morning a fatality occurred on the farm of Mr. Curtis, some twelve miles southeast of Stettin, whereby his two sons lost their lives in a slough on the farm. The slough was covered with a thin coating of ice, upon which some wounded wild ducks had alighted, and it is supposed the boys were endeavoring to get the ducks, as several stones were found lying on the ice, which gave way and both boys were drowned. The bodies were recovered by the father. The boys were six and ten years respectively.

CHARGED WITH MURDER.

Woman Ordered for Extradition By
Judge Melness.

Vancouver, Nov. 11.—A warrant for the extradition of Mrs. Lorena Mattheus, wanted in Oklahoma on a charge of having murdered her husband, was ordered by Judge Melness, K. C., counsel for Mrs. Mattheus, declined to argue the case. He states that he will enter habeas corpus proceedings at once, relying on that course to upset the warrant on the allegation that important technical errors were committed in the presentation of the case.

TURKS NOT EXPERT IN USE OF RIFLES

Bulgarian Soldier Tells of His
Experience in Battle With
Ottoman Troops

Paris, Nov. 11.—An interview with a Bulgarian soldier who took part in the battle of Lule-Burgas is published in the Matin.

"What struck us most," this soldier said, "was the harmlessness of the Turkish shooting. The bullets flew high over our heads as if the Turkish soldiers were not aiming, but shooting with their heads turned. Our company comprised 190 men. During the three days' battle we were engaged in a fight lasting eight hours, and only two of our men were wounded, one in the thigh and the other in the ankle. We were often only 200 yards from the enemy. Our men insisted on jumping up to see the result of each volley, much to the disgust of our officers, who often lost their tempers in trying to induce the men to obey their orders to keep covered."

POSTMASTER DEAD.

Portage la Prairie, Man., Nov. 11.—William White Miller, postmaster since 1880, died here to-day aged 66. He was one of the best known old-timers in the west, migrating to Manitoba from Ontario in 1877.

TERRIFIC DUEL OF ARTILLERY

FIGHT PRECEDING
FALL OF ADRIANOPLE

Night Engagement Fought
Under Glare of Searchlights
—Bravery of Bulgarians

Paris, Nov. 11.—A graphic description of the storming by the Bulgarians of the two Turkish forts at Lartettepe and Papetepe, in the outer line of fortifications around Adrianople, is forwarded by a correspondent of the Matin.

He declares that their capture seals the doom of the Turkish stronghold. The operations began at daybreak Thursday. Following their usual brilliantly-successful tactics, the Bulgarian infantry advanced in the direction of the north under cover of a murderous fire of shrapnel. The Turkish troops sallied out from the forest to deliver a counter attack. It was then the turn of the Bulgarian siege artillery, which from every point on the surrounding hills rained a terrific hail of projectiles on the lines of the Turkish troops. Every moment saw fresh companies of Turkish soldiers marching out from the city and the forts toward the Bulgarians, who continued to draw their lines closer around the forts.

The accurate fire of the Bulgarians began to tell at 1 o'clock in the morning, when the guns in the fort at Mount Karel began to slacken in their reply. The fort had been swept by a heavy storm of shells for several hours, the great projectiles bursting right over the works. The silent Turkish infantry had meanwhile resisted stubbornly to the Bulgarian advance, but their lines gradually began to waver.

Suddenly the command "fix bayonets" rang out from the Bulgarian officers, and then, cheering wildly, the Bulgarian infantry dashed forward, and the Turks broke and ran toward the city. At about noon the Bulgarian colors fluttered over the forts of Lartettepe, but Papetepe still held out. The Bulgarian troops were divided into three columns, which made very slow progress, and for a long time the fortunes of the day seemed uncertain. Nightfall found the Turks and Bulgarians still fighting. Suddenly in the dense darkness a long dazzling ray of light shot across the sky from one of the crests held by the Bulgarians, bringing the fort of Papetepe clearly into view. Then from the fort itself a brilliant ray shot out. The cannon and rifle fire, which had been slackening, at once became more brisk, while above the combatants the searchlights played. The roar of the siege and field guns dominated the rattling of the rifle volleys and the screeching of the shells as they hurtled through the air.

As had occurred at Lartettepe earlier in the day, the fire from the Papetepe fort began gradually to slacken. There also the Bulgarian siege guns had caused enormous damage.

Abruptly the searchlights were extinguished at about 11 o'clock at night, and the Bulgarian infantry began to storm the fort at the point of the bayonet. Shortly before midnight they had become masters of the position, and the Turks were in flight. They left their dead and wounded by hundreds on the field.

The fort at Papetepe is one of the most important features of the defenses of Adrianople. It commands not only the city itself, but all the outer works.

Throughout the operations, Bulgarian aeroplanes flew back and forth over the Turkish forts, bringing information to the Bulgarian generals in command.

DYNAMITE CONSPIRATORS.

Indianapolis, Ind., Nov. 11.—Ortie E. McManigal's confession on the witness stand in the dynamite conspiracy trial was expected to-day to reveal his experiences with explosions, which he says he caused at Peoria, Ill., and points west of the Mississippi river.

An explosion at Kansas City on August 23, 1910, the government alleges, played an important part in connection with the charges that the 45 men now on trial engaged in illegal interstate shipments of explosives. While preparing to blow up part of a bridge across the Missouri river at Kansas City, McManigal said he hid explosives in a swamp.

Further indications that the government intends to investigate fully the Pacific Coast explosions were manifested to-day by the calling of more witnesses from California. Arthur L. Veitch, deputy district attorney of Los Angeles county, and Oscar Lawler, who assisted in the federal grand jury investigation at Los Angeles, are to testify.

LIBERALS ORGANIZE.

Port Moody, B. C., Nov. 11.—In sympathy with the feeling prevalent throughout the province during the past few months the Liberal Association of Port Moody came into being at a meeting held in the Provincial block here Saturday. A large and enthusiastic gathering rewarded the promoters of the movement and the following officers were elected: President, A. Latta; vice-president, D. H. Hall; secretary-treasurer, R. G. McDonald.

GREEK ATTACK ON SALONICA

CARNAGE TOO FIERCE
FOR DEFENDING FORCE

After Stubborn Resistance the
Turks Flee in Disorder
Leaving Equipment

London, Nov. 11.—The fighting of the Greek army in approaching Salonica was most noteworthy, says a Post dispatch from Kikiri. The operations at Kenidje, near the Varda river, were furious, cannonading being kept up from morning till dark.

The Turks held a position near the stream in swampy ground and rushes, which afforded considerable protection. The stream was a hundred yards wide and shallow, with a wide fringe of high grass. Ahmed Pasha, commanding the Turkish left, sent two brigades of infantry and four 12-pounder mule batteries across the river to attack Janivar and Kikrikala. The force moved rapidly and entrenched themselves on flat ground in a position previously selected.

They probably would have done great execution had not a heavy rain flooded the trenches. Early in the morning the Greeks advanced to the attack, the infantry under cover and supported by artillery. A tremendous Turkish fire met the advance, but the Greeks replied with shells, which burst with deadly effect, the time fuses working faultlessly.

The Greek infantry outnumbered the Turkish troops, and after an hour's fighting the Turks began to retreat. They had no support within two miles, and only a railroad bridge was available for crossing the river. The retreating Turks became congested on the bridge, on which fell a hail of shrapnel. A field hospital near by received many shots.

The firing was more than the Turks could stand, and they dispersed in disorder. The retreat ended in a pell-mell race to the rear. Some of the Turks laid down on the rails, while others fled to the station up the railroad. At noon the Turks got six guns in position and checked the Greek advance for a time. The infantry held on until deserted by the gun, and then the whole force broke, throwing away coats and kits. The discarded equipment was strewn for five miles along the railroad. One train left Kikrikal with men crowding the roofs of the cars and the buffers. The officers did not attempt to preserve order. No use was made of stretchers, and 200 wounded were left.

ALLAH HAD PROMISED VICTORY AND GLORY

Recruits Gathered for Otto-
man Army in Name of Law
and the Prophet

Paris, Nov. 11.—Some interesting sidelights on the war are telegraphed by a correspondent of the Matin, who had opportunity of talking with some of the Turkish prisoners in the hands of the Bulgarians. Many of them came from Asia and had never before heard of Bulgaria. When the cause of the war was explained to them, one said:

"We knew nothing of that. At Brusa (in Asia Minor) where we were recruited, we were told that according to the law of the Prophet we must go to fight the infidels and that the hour to exterminate them had arrived. We were told that Allah had promised us victory and that the Turkish governors declared that should divide among us the immense riches of the enemies of Allah. We have, therefore, been deceived."

The presence of the foreign warships in the Dardanelles provokes various amusing comments from the Turks. Thus one patriot called on the French ambassador to thank him for the fact that the French government had sent the Leon Gambetta instead of another vessel.

"We understand," he said, "the delicate attention this implies and the encouragement it means to give us for Gambetta's stand as a type of statesman of national defence."

"What," asked one resident of Constantinople to another, pointing to the Bosphorus, "are all those foreign warships?"

"Those," replied the other gravely, "are the ships we have taken from the Greeks."

APPLE SHOW OPENED.

Spokane, Wash., Nov. 11.—Amid the blowing of steam whistles and the ringing of bells, the fifth national apple show was opened here to-day, when Governor M. E. Hay formally announced that King Pip V. had ascended his throne. It is estimated that upwards of two and a half million apples now are in place for the exhibition. The first of the growers' conferences was held to-day.

MUST REINSTATE CANADIAN BOY

Lad Who Refuses to Swear Al-
legiance to American Flag
Within His Rights

Newark, N. J., Nov. 9.—J. B. Bates,
assistant state commissioner of educa-
tion, upheld yesterday the refusal
of Leo Temple, formerly a pupil in the
Cedar Grove public school, to swear
allegiance to the American flag was
justified, and he ordered that the boy
be received back in the school from
which he was expelled.

Young Temple said he was acting
under his father's instructions in re-
fusing to swear allegiance to the flag.
The boy's father, Frederick Temple, is
a native of St. John, N. B., and for
some years was manager of an insur-
ance company in Montreal. He was at
the same time an officer in the artillery
branch of the Canadian militia.
"The salute of the flag and the
pledge at the school assemblies are not
mandatory by law," the assistant com-
missioner said, "therefore the boy
breaks no law. Of course, the board of
education of Cedar Grove has the
right to pass rules for its school, but
such rules must not infringe upon
anyone's rights. The boy's citizenship
must follow his parents' until he is of
age to choose for himself.
"It is within the boy's right to refuse
to pledge allegiance to any flag or gov-
ernment but his own."

G. T. R. OPENING NEXT YEAR.

Edmonton, Alta., Nov. 11.—Mr. J.
Morley Donaldson, vice-president and
general manager of the Grand Trunk
Pacific Railway Company, said in an
interview here to-day that "the trans-
-ocean system will be completed
some time next year."

SEVERE ON UNDERWRITERS.

London, Nov. 11.—The underwriters
interested in the Royal George as-
sured that in any event Lloyd's will
be called upon to pay a heavy sum in
respect to the damage to the vessel,
while certain members say it will more
than absorb the whole year's premium
on the St. Lawrence route.

TO PROMOTE TRADE.

New York, Nov. 9.—The Merchants'
Association of New York has outlined
a ten-years' campaign for promoting
the industrial welfare of the metropoli-
s, which will involve the expenditure
of over \$1,500,000. Both foreign and
domestic trade is to receive attention
and a tariff bureau will make an ex-
haustive study of freight schedules
and the relations between railroads
and distributors.

But President-Elect Calls At-
tention to Strength of
Parties in Congress

Princeton, N. J., Nov. 11.—"Very use-
ful and important indeed," was the
comment which President-elect Wilson
made to-day on the array of editorials,
statements and declarations from
prominent persons being published in
various newspapers advocating or op-
posing an extra session of congress to
revise the tariff.
"Are you going to take all these clip-
pings with you on your vacation?" he
was asked.

"Oh, no," replied the governor. "I've
read them already. The newspapers
certainly are helping me in my listen-
ing policy."

The attention of the president-elect
was called to an argument in an edi-
torial that inasmuch as he had not
received a majority of the popular
vote, and that since both the Republi-
can and Progressive parties favored a
policy of protection, therefore the coun-
try had voted against tariff revision.

"That's queer reasoning," remarked
Mr. Wilson. "They overlook the fact
that many state legislatures went
Democratic, which means Democratic
senators and likewise that there was a
great number of Democratic congress-
men elected."

MURDERER LYNCHED IN NORTH DAKOTA

Mob Overpowers Officers and
Takes Prisoner From Cell
in County Jail

Steel, N. D., Nov. 9.—George Baker,
in the county jail charged with the
murder of his wife and father-in-law,
Thomas Glass, was taken from his
cell yesterday and lynched by a mob.
It is the first lynching in North Da-
kota within a decade.

One week ago Baker returned from
California, where he had been living
and whence his wife had preceded him
by about two weeks. To Dawson, N. D.,
entering the home of Mr. Glass he
opened fire, killing both his wife and
father-in-law. The shooting is said to
have been the result of family trouble.

Baker was rushed here at once, the
feeling in Dawson running high and
every attempt was made to protect
him, but the mob of fifty men over-
powered the sheriff and deputies and,
taking Baker from the jail, hanged
him within the city limits. No arrests
have thus far been made.

ASSISTS IN DIGGING HIS OWN GRAVE

Man Drops Dead While Pre-
paring Final Resting Place
for Another

Haskell, Okla., Nov. 9.—Joseph Turby,
75 years old, assisted in digging his own
grave here yesterday, although he
thought it was to be the final resting
place of another.

Apparently in good health, Turby
with another man dug the grave for a
woman who had died, and immediately
the work was finished Turby tumbled
into the grave, dead from heart fail-
ure. Turby was buried in the grave.

TAKEN BACK TO JAIL BY FATHER

Rancher Travels Three Hun-
dred Miles to Turn Son
Over to Authorities

San Quentin, Cal., Nov. 9.—W. D.
Lamb, a Shasta county rancher,
brought his son, who had broken pa-
role, to the state prison here and
turned him over to Warden Hoyle,
ending a three-hundred-mile journey.
The son, Frank Lamb, was sentenced
to the prison July 7, 1904, on a grand
larceny charge. He was paroled April
17, 1907, and returned to his father's
ranch. The parole rules required him
to report to the prison authorities at
stated times and forbade him to leave
the state. For a time he remained
on the ranch and then took to the
road.

Lamb was traced to Washington by
the prison officials and an unsuccessful
attempt was made to capture him.
When he returned home last week, out
of funds, his father, immediately set
out with him to the prison.

"I would rather my son was behind
the bars," said Lamb, "than to have
him at large through having broken
a promise."

PROPOSED LINE FROM QUEBEC TO WINNIPEG

Application for Incorporation
Will Be Made to Dominion
House

Ottawa, Nov. 9.—Notice is given that
an application will be made to the
parliament of Canada for an act to in-
corporate a railway company under
the name of the All-Red Line Railway
Company with power to construct a
railway from a point near the easterly
boundary of the province of Quebec to
Winnipeg, with branch lines from (1)
the city of Quebec in a northerly direc-
tion to a point on the proposed main
line; (2) from the city of Montreal in a
northerly direction to a point on the
proposed main line; (3) from the city
of Ottawa in a northerly direction to a
point on the proposed main line; (4)
from Port William to Port Arthur to
connect with the proposed main line.

PLAN TO STRENGTHEN REPUBLICAN PARTY

President Taft Suggests Or-
ganization of Clubs Throug-
out the United States

Washington, D. C., Nov. 9.—Presi-
dent Taft received yesterday the first
assurance of support and co-operation
in his plan to perpetuate the princi-
ples of the Republican party by the
organization of The National Republi-
can Club, with branches through-
out the country. The President re-
ceived a telegram from Kansas City
stating that Jackson county Republi-
cans met and formed such a club.

The result of the election appar-
ently caused no downheartedness in
President Taft's cabinet, for, at its first
meeting yesterday since August, cheer-
ful laughter of the official family pen-
etrated into the White House corri-
dors. The President and all of the
members except Secretary Knox and
Secretary Meyer were present. It is
said no member will resign before
March 4.

BRITISH COLUMBIA LEADS.

Ottawa, Nov. 11.—The monthly bul-
letin on the sea fishery statistics for
September issued by the marine and
fisheries department states that during
September the catch in British Colum-
bia was worth \$638,967. The catch in
all Canada was worth \$1,622,572 as
against \$2,130,584 in September last
year. For the six months ending
September 30, 1912, the value of the
catch was \$11,343,421, as against \$11,-
768,706 in the corresponding period of
1911.

LILY LANGTRY NOT WANTED IN PITTSBURG

Engagement Cancelled by The-
atrical Manager for Un-
explained Reasons

New York, Nov. 11.—Broadway was
puzzled by dispatches from Pittsburg
that Mrs. Lily Langtry, who is under
contract at \$2,000 a week to appear in a
suffragette playlet written by herself,
is not to be allowed to play here.

Twice a day since last Tuesday she
has reported at the Pittsburg grand
opera house, where she was announced
as the "headliner" in "Helping the
Cause," only to be told by the stage
manager that her services were not re-
quired. She was billed for the week,
but after the Monday night perform-
ance it was announced that she was
forced to cancel her engagement be-
cause of ill-health and was returning
to New York. She did not come to New
York though, and apparently she was
not in ill-health.

She kept her expensive suite at the
Fort Pitt hotel and reported promptly
every afternoon and evening, to be just
as promptly turned down. It is denied
that adverse criticisms in newspapers
Tuesday had anything to do with cut-
ting short the international star's en-
gagement. But she will not discuss her
affairs.

ANARCHY IN ITALY.

Number of Persons Arrested Charged With Attempt to Poison.

Geneva, Nov. 11.—An anarchist plot to poison property owners in Milan in revenge for anti-anarchistic activities has been unearthed by the police of Milan as the result of a number of mysterious deaths there. The victims all succumbed to a powerful poison, which, it was subsequently discovered,

was contained in letters sent by post from Switzerland, purporting to enclose a harmless specific for the cure of an ordinary malady. Investigation showed that the letters were mailed from Lugano, and an Italian chemist known to be the assistant of anarchists was arrested at that city. Six other Italians have been arrested in Switzerland, including Luigi Dianosi, formerly editor of the anarchist paper Agitation, who was taken into custody to-day in Geneva.

CHURCHILL ON NAVAL POSITION

CORDIAL RELATIONS WITH GERMAN GOVERNMENT

But British Pre-eminence on Seas the Price That Must Be Paid

London, Nov. 11.—Right Hon. Winston Churchill, first lord of the admiralty, spoke on England's naval programme and referred to the relations with Germany.

"No harm can be done by plain speaking," he said. "The Germans are a people with robust minds and a high sense of honor and fair play. They like affairs put plainly and squarely before them. The relations of the two countries have improved steadily, with every evidence of our determination to maintain supremacy. The best way to end the rivalry is to go right on and prove that we cannot be overtaken."

Mr. Churchill said that recruiting for the navy had tripled during the last year. It had been arranged to put a sixth battle squadron in commission in 1913 instead of 1915. At the present time there were more than twenty battleships and cruisers in the eastern Mediterranean. He concluded:

"What has made the year memorable has been the spontaneous and simultaneous movement of the great dominions towards participation in the Imperial naval defence. The union of the nations of the British Empire for Imperial defence is on the road to consummation. New Zealand was the first and Australia followed. In a few days the Canadian parliament will make an announcement of the naval policy worthy of the power and loyalty of the great Dominion."

ALLIES WILL NOT BE THWARTED

IMPORTANT STATEMENT BY PREMIER ASQUITH

Great Powers in Accord That Map of Europe Will Be Changed

London, Nov. 9.—Right Hon. H. H. Asquith, the British prime minister, made a statement to-night on the situation in the near east at the Lord Mayor's inaugural banquet at the Guild hall, which has always been looked on as the occasion for an important speech by the first minister. In the course of his remarks, Mr. Asquith said:

"Upon one thing I believe the general opinion of Europe to be unanimous—that the victors are not to be robbed of the fruits which cost them so dearly."

The prime minister referred to the unsuccessful efforts of the powers to prevent the conflict and to the great changes the war had made in the map of Europe. He said the fall of Constantinople might occur at any moment, and added:

"In these anxious times it is satisfactory to be able to announce that the relations of England with the other powers, without a single exception, were never more friendly and cordial."

The map of Europe will have to be recast, the premier said, and nowhere was there a disposition to belittle the magnitude of the struggle or dispute the decisiveness of the result.

"England," he said, "has no direct interest in the exact form which the political and territorial redistribution may take. The special relations of the other powers, geographical, economic, ethical and historical, with the scene of the conflict, are such that they cannot be expected not to claim a voice when the time comes for a permanent settlement."

The prime minister refrained from indicating the points that must emerge for solution.

"For the moment, and as long as the state of belligerency continues," he declared, "His Majesty's government deprecates the raising and pressing of isolated questions, which, if handled separately and at once, may seem likely to lead to irreconcilable divergencies, but which may assume a different—perhaps a more practical—aspect if they are reserved to be dealt with some wider point of view in the general settlement."

Mr. Asquith said the powers had labored as with one will to circumscribe the scope of the war, and so far successfully.

TWO EASTERN BANKS ABOUT TO JOIN FORCES

The Internationale Du Canada to Be Absorbed by Home Bank

Toronto, Ont., Nov. 11.—The Star to-day says: "That Sir Rodolphe Forêt's new Bank Internationale of Montreal has been absorbed by the Home Bank of Toronto, is the latest report from financial headquarters. The deal is said to have gone through last night. The Home Bank will take over all the branches, assets, liabilities, etc., of the Internationale Bank. The capital of the Internationale will be reduced from \$10,000,000 to \$1,300,000."

Thomas Flynn, a director of the Home Bank of Canada, stated at noon to-day that while the Home Bank had made no overtures for the absorption of the Banque Internationale du Canada as yet, the chances were negotiations might be entered into at any time. Some weeks ago the Imperial Bank of Canada made an offer to the directors of Rodolphe Forêt's new enterprise, but nothing definite was arranged.

A dispatch from Montreal to-day states that the directors of the French bank confirm the report as to the negotiations with the Home Bank.

Col. James Mason, of the Home Bank, refused to make any definite statement in regard to the probable acquiring of the French bank.

BABY'S OWN SOAP

To help the tender skin of an infant is the Baby's Own Soap standard.

For four generations, it has won unstinted praise and today Baby's Own is the recognized leader for nursery and toilet.

IN FOR A "DRY" SEASON.

Prohibition Will Get a Year's Trial in King County.

Seattle, Nov. 11.—In accordance with the conclusive vote on the saloon license question resulting in 4,776 votes

for and 5,911 against, the saloons in the unincorporated portions of King county, of which Seattle is the county seat, will go out of business on January 1 next, and continue in that condition for at least a year. Under the terms of the law King county must refund to the license 90 per cent. of the

sums paid for licenses, covering the unexpired term. The regular county saloon license fee is \$300, of which \$30 is paid to the state and \$270 to the county. There is also a \$2 recording fee. The 90 per cent. refund covers the portion paid to the county.

DEEPENING MYSTERY.

An announcement was made in the chief government organ yesterday to the effect that a conference between Sir Thomas Shaughnessy and Sir Richard McBride had resulted in an agreement under the terms of which the Canadian Pacific Railway Company consents to union depot facilities on the Songhees Reserve. The announcement was not wholly a surprise, as it was known in the elect circle of Sir Richard McBride's confidantes that the premier's object in going East was not as announced in the government press and that the private office of Sir Thomas Shaughnessy was the real objective. It was also understood that Sir Richard was prepared to make any kind of offer or accept any terms if Sir Thomas would only get him out of the labyrinth of difficulties into which his own egregious egotism had precipitated him. That an agreement has been reached is no evidence that the Canadian Pacific has weakened in its former position, but is rather evidence that Sir Richard has made it worth while for the C. P. R. corporation to consent to an announcement. That the C. P. R. did not get the small end of the stick it would be simplicity to intimate. Time alone will disclose the price the province will have to pay to extricate Sir Richard McBride from the wobbly, shifting, scene-changing farce comedy of which he has been the unhappy star.

There will be a measure of gratification at the announcement made, though the public will scarcely feel inclined to become hilarious until more of the details are made known. The government organ intimates that the plans prepared by Mr. Holman will be carried out. Remembering that these plans—at least the plans published in the government organ—were rejected by the government, we have another evidence that "times have changed." Just how much they have changed is what the public will be curious to learn.

One thing is certain. No longer will "all the land on the reserve be required for railway purposes," for Sir Richard has stated that what is not required for railway purposes will be sold and bring a handsome return to the province from its investment. He also has pledged himself again that a large tract of land lying north of the E. & N. Railway tracks will be set aside for the use of the public "forever." This little inconsistency in the premier's statements may be allowed to pass when it is taken into consideration that he was addressing different constituencies and naturally wished to make the most favorable impression on both.

The public will breathe easier now that we have, after long reading, turned over a new leaf in the chapter of unhappy incidents which have marked Sir Richard's management of a problem of great magnitude.

LET US PRAY.

A cold snap in Victoria during the present month, lasting a week or two, would be a very uncomfortable experience for a majority of our citizens. Very few private residences are ever supplied with coal to last for more than a few weeks or a month, the majority of citizens buying only a few tons at a time. The mildness of our winters and the capacity of the average coal-burner are responsible for the inadequate provision generally made for the future. Faith in the ability of the coal companies to provide coal at any time is also responsible for the improvident habit of letting to-morrow take care of itself.

A real cold snap for three or four days would show the utter insufficiency of the total coal supply now in Victoria. Worse than that, it would show that the present daily or weekly shipments from the mines to the city would be less than half the quantity required under the less favorable climatic conditions.

Work has been resumed at Cumber-

land; it never was stopped at Nanaimo. Where does the coal go that is raised at these mines? How much of it is sent to San Francisco and other foreign ports? A year ago about one-half of the coal produced in British Columbia was exported. It would be interesting to know how much of the output of the Vancouver Island mines is now exported, and also how much the home supply has been curtailed to meet foreign engagements.

In the meantime let everybody pray that there will be no freezing-point weather during the winter of 1912-13, as an alternative, that the coal producers give more consideration to the needs of the people who should have their first care.

LAND REGISTRY OFFICE.

The conditions prevalent in the land registry office at Victoria are deplorable in the extreme. Political fealty to the party in power is very strong in Victoria, and public sentiment has become so outraged in this matter that the chief government organ has been compelled to utter a pronounced protest. Grievous as is the complaint voiced by the organ, it is mild in comparison with what circumstances call for. The effort of the government to remedy these conditions by the appointment of an inspector has wrought no beneficial changes in the conduct of the Victoria office, and it is an open secret that the complaints prevalent here are of the same character and justification as those which prevail throughout the province. The government organ suggests that possibly the cashier is too officious and not sufficiently tender of public feelings in the transaction of his business. There is good ground for this criticism. But it must be remembered that the cashier is the one official whose duties compel him to be sternly at his post from the hour the office opens until it closes, and later until his books are audited. If there is good cause for complaint respecting any of the officials or subordinates in the employ of the government at the registry office, it should be made rather respecting those clerks who are absent from their desks and from the building paying court to refreshment counters and hobnobbing with persons who adopt the convivial method of inducement to secure favors in the office itself. Many of these subordinates are political appointees, and it is said that the registrar, knowing this fact, has lost heart when wielding the baton of official discipline. The consensus of opinion among those who do the most business with the Victoria office is that it is not an increase in the number of subordinates which is needed in the office, but an increase in their efficiency and their attention to the duties which they are paid to perform. Generally speaking, the public have confidence in Mr. Wootton had he a free hand.

To show how completely demoralization rules in the office it is credibly asserted that in numerous instances mortgages have been deposited for registration, the term of the loan has expired and subsequent payment of the liability has been made before the mortgage has been registered in the department. Persons presenting certificates of discharge of mortgages have found on presenting these that no record of their obligation has been placed on the books. This entitles them to a return of the registration fees and allows evasion of the fee for discharge. The loss to the government in these fees is said to reach a total of quite an item. It also leaves both mortgagee and mortgagee in an unprotected position.

It is complained also that while the general public has no access to the books behind the desks, lawyers who are political favorites may trespass in this way without let or hindrance. Suspicious people suggest that some of these evade the payment of the proper fees for search because such favoritism is shown. In no other province outside British Columbia have lawyers any advantage of the general public in this regard.

These are some of the criticisms which are being circulated among the business men of the city who have become intolerant of the present condition of affairs. Could a census of opinions be taken it is safe to say that the condemnation of the conduct of the registry office would be universal.

The fact that there are, as stated by the government organ, "between five and ten thousand" titles and mortgages in the mass of ill-assorted matter awaiting registration is sufficient in itself to raise a storm of protest. In any other city than one hide-bound by partisan loyalty to a moribund government such a state of affairs would not be tolerated for a single month. Nor would those who suffer without effective protest under Bowser rule in Victoria be loyal for a single moment were such conditions existent under a Liberal government.

There are a great many people in Victoria and throughout British Columbia who want to know why the admirers of the Bowser administration do not play their game fairly. How long is it the intention of the business men of Victoria to submit to these conditions simply because they have been inflicted upon them by the party they have elected to power? Is there not

A Testimonial on Briquettes

(Copy.)
Victoria, Oct. 4th, 1912
Messrs. Kirk & Co., City:

"I am in receipt of the sample of Pressed Briquettes that you sent me. I find these to be a very clean and free burning fuel for household use."

"I myself think that this fuel is much better than the Lump Coal that you have been supplying me with and very much easier to handle."

"Thanking you for the sample, I am,
Yours very truly,
(Signed) T. J. EVING."

This letter is on file at our office for anyone who wishes to see it. Place your order for Briquettes now.

KIRK & CO.

618 Yates Street and Esquimalt Road.
Phones 212 and 139

strong warrant for the growing belief that until the Bowser autocracy is overthrown government officials must remain subservient to the machine management of an attorney-general who plays political favoritism for the full value of its effects?

SUBURBAN DISABILITIES.

A suburban resident, living within the city limits, complains to the Times of a disability under which he, in common with other residents in the same block, is suffering for lack of water on his street. The home of the complainant is on Cedar Hill road at the corner of the street which divides the city municipality from Saanich municipality. A civic water main runs along Cedar Hill road past the corner premises but in order to supply to adjoining houses on the street which forms the dividing line between the municipalities a main must be laid along the cross street. This main the owner of these properties—who has built several houses for lease or sale—informs us, the city refuses to lay unless the municipality of Saanich undertakes to pay half the cost.

Notwithstanding the fact that the taxes on the properties in question have been paid and all the financial obligations of the property owners on this cross street have been discharged the property is rendered practically valueless because tenants or purchasers cannot be obtained under the existing circumstances.

The owners of the disabled property have erected good buildings on their lots and these are rendered unsalable and profitless because there is no provision for water supply. They state, and we think reasonably, that they have nothing to do with the Saanich municipality, their taxes being paid in Victoria. So far as we are informed the city hall officials can promise no relief from these distressing conditions. This would appear to be a matter toward which the council might profitably direct its attention. Suburban development cannot proceed under conditions which impose these disabilities on investors who wish to improve their property and make it remunerative as well as add to the domiciliary accommodations afforded in the city.

The cash price for oats in Calgary is 24 1-2 and 25 1-2 cents per bushel. The cash price for oats at Seattle, which is not so very far distant, is from 43 to 49 cents per bushel. The crops across the line are very heavy this year, and accordingly prices are lower than usual. But the price of oats is at least 18 cents per bushel higher in Seattle than in Calgary. Alberta farmers with oats to sell can figure out for themselves how much they are losing because there is a high tariff wall between the United States and Canada.

TAKING A CHANCE.

A Minneapolis physician declares that kissing induces appendicitis.—News Item.

Maid, so modern, ere we part,
Just one final salutation,
Not the handshake's chilly art—
I refer to osculation.
With the added explanation
That, though anguish be my lot,
If a kiss means operation,
I would rather die than not.

Do not tell me that you won't;
Hear my plea out ere you flout it;
If you kiss or if you don't,
I'll be all cut up about it.
Surely, sweet, you cannot doubt it,
My appendix may depart—
I can get along without it,
My affection's of the heart!
—New York Sun.

BESTIR YOURSELF.

What signifies wishing and hoping for better times? We may make these times better if we bestir ourselves.—Franklin.

A RARE EVENT.

Wife—What makes you so happy? Did that letter contain a check?
Hub—No; but it didn't contain a bill.

HAS EVIDENTLY BEEN STUNG.

Pigg—Does your grocer sell his apples by the barrel?
Fogg—Well, they come in barrels, but what he sells them by is the top layer.

PERSPICUOUS.

London Opinion.
Percy (just introduced)—Ah! So you're the chap who makes and heads?
Sculptor—Not all of them.

Becoming Dresses, Tunics, and Wraps For Women and Misses to Wear When the Occasion Demands

IN choosing her evening dress, a tunic or a wrap, it is only natural that a woman will be careful in her choice, and will want lots of styles to choose from. She will demand that the garments measure up to a high standard of quality, be rich in design, and do justice to her figure. All these requirements are amply met in the stock that is now waiting for your inspection in the special show room at the Spencer store and you are invited to call and look these over. While price is not the special feature that a woman considers when buying this class of garment, we have some models that are both pleasing and a price temptation. All are reproductions of the best models by French and English fashion artists.

Men Who Know Good Clothes Will Find Satisfaction in Spencer Suits, Overcoats and Hats

OUR buyer is a practical tailor—an old custom tailor at that—and doesn't believe in stocking goods that won't bring customers to the store and hold them when he gets them. Our policy is to supply you with the best that your money will buy—a good fit, good cloth and tailoring that cannot be matched at the price.

MEN'S SUITS FROM \$10.00 TO \$32.50

From a large range of qualities like this, any man should be able to find a garment that suits his taste and his pocket exactly. There are serges, fine and rough tweeds, fancy worsteds, etc., in all the latest styles and colorings to choose from. Some are made in the conservative styles that business men find most convenient, while others are cut in the dressy styles that young men take a delight in. We have all sizes and widths and we are confident that better values are not to be had at the prices at which the suits are marked. See them and satisfy yourself.

SMART OVERCOATS FROM \$8.50 UP TO \$25.00

Here you will find the mackintosh, the cravenette, and the ordinary tweed and light overcoats in a great variety of styles, patterns and colorings. They are made on the latest and best possible lines, fit like a glove and are calculated to give you entire satisfaction. We have a full range of sizes and no better values are to be had. See the samples now in the windows.

WINTER HATS FOR MEN

It makes no difference what your taste may be, there is a hat at this store that will fit you as comfortably as you can wish for, and will suit your taste, as to shape and color, exactly.

Hard and soft, rough and smooth, plain black or in smart new colors, all are to be had at this store in all sizes, and our prices start at \$1.50, so they come within reach of all. Better grades at prices up to \$5.00.

See Our Showing of Women's Waists at \$1.50

INCLUDING PLAIN TAILORED, SEMI-TAILORED AND FANCY STYLES

LAWNS, white corduroy, linettes and vestings are the materials and they are made in such a thorough manner that they are sure to please.

Some are finished with the laundered collar and others with a detachable soft collar, some have patch pockets and there are both laundered and soft link cuffs to choose from.

One line has a very neatly embroidered front and is finished with two shoulder tabs. All are fastened with pearl buttons and are made to fit well.

A fancy lawn waist with the front handsomely finished with fine tucking and embroidery comes with a high neck and the sleeves are finished with neatly tucked cuffs set with insertion. This line fastens down the front and is very attractive and useful.

All sizes are to be had in any of these lines.

SEE THE WINDOW DISPLAY.

Who Wants Hockey Boots With the "Lightning Hitch" Ankle Support?

THE Macpherson's "Lightning Hitch" Hockey Boots are the most popular line in Canada and have earned their reputation through the thorough manner in which they are made and the efficient manner in which they support the skater's ankles.

The whole secret of their success lies in the fact that the shoes are constructed on practical lines and even without being laced up, the ankle support is sufficient to give the skater ample support.

This "lightning support" is an extra inside made of stout drill, specially prepared, and gives your foot support right from the instep to above the ankle. It is fastened with a strap which passes through the uppers and buckles on the outside.

They have a padded tongue, lace up close above the toe, and are the most durable and practical shoe on the market. To see them is to be convinced that this is the best line that a skater can buy.

WOMEN'S BOX CALF \$3.00
WOMEN'S TAN CALF \$3.50
MEN'S BLACK MULESKIN \$3.50
MEN'S TAN CALF \$3.50
BOYS' BLACK MULESKIN \$3.00
GIRLS' BLACK BOX CALF \$2.50

Small Things That Count

ESPECIALLY WHEN A WOMAN IS IN A HURRY

THE Haberdashery Department on the first floor is full of interesting articles that most women need and need them badly at times. Although small items they play an important part in a woman's life, and save her much time and worry when they are handy. Do you require any of them now?

BARRETTS, in shell, amber or pearl, are to be had in either plain or fancy styles. Prices 50c, 35c, 25c and 15c
SIDE COMBS in shell only, well finished and strong. Price per pair, 15c and 50c
BACK COMBS in either shell or amber, are to be had in plain and fancy styles. Price each 50c, 35c and 25c
THE TINY HAIR RETAINERS are perfect in construction and in use. No loose ends. Made in shell only. Price each 25c
"THE RIPLE" HAIR WAVERS wave the hair in a first-class hair-dresser's style in a few minutes. Four on a card for 20c
"THE MAGIC" CURLER will wave or curl the hair, without the use of heat, in 10 to 15 minutes. Three on a card for 15c
HAIR WAVERS, made of soft rubber, will not hurt the head, and will curl or wave the hair to your satisfaction, are to be had in cards of 5 at, per card 35c

IT IS ASTONISHING WHAT A DIFFERENCE GOOD

Rugs, Linoleums and Draperies

MAKE TO YOUR HOME

If you have any difficulty in deciding upon a color scheme, our buyer will be pleased to help you out. He has had a long and useful experience and we invite you to consult him whenever you please.

This is part of our store service and is just as important as supplying you with the materials, but we don't want you to feel that you are under any obligation, all the same.

Here are some special lines that may be of interest to you and the prices are as low as it is possible to make them.

RUGS FOR ALL ROOMS IN A HOUSE

We have just received another huge shipment of all kinds of rugs, but at the time we go to press they are not all marked off so detailed description is out of the question. We can promise you that they are the latest and best procurable and the line includes splendid examples of Axminster, Wilton, Brussels, and Tapestry Carpets that show good taste in design and color combination.

INLaid LINOLEUMS.

We never had a larger or better stock than at present, and if you are looking for a high-grade floor covering, you cannot do better than inspect these lines. There are floral, block, mosaic, and tile patterns to choose from and all are qualities that will stand rough wear. There are colorings that are appropriate for all rooms, halls, stores, and other places where inlaid linoleum is required. Prices per square yard \$1.25, \$1.10 and 85¢.

TAPESTRY PORTIERES

Only 50 pairs are to be had at this price. They are 3 yards long, have fringe top and bottom and come in reversible patterns. There are various shades of reds, browns and mixed colors to choose from. Good for window and arch draperies, doors, etc. Regular \$5.00 values for \$3.75.

SCOTCH MADRAS MUSLINS

This material is 36 inches wide and is to be had in beautiful lacy patterns. White and cream are the colors and will make very effective draperies and curtains. Regular 35c value will be sold for 25¢.

ENGLISH CRETONNES

A heavy quality, 36 inches wide and to be had with fancy borders and plain centres, beautiful all-over patterns and handsome striped effects. All manner of colorings are here to choose from, per yard 25¢.

Drink Crystal Spring Water. Pure; by government analysis. Delivered in bottles. Phone 1132.

Notice.—The business of the late Mr. F. Street will be carried on as usual until further arrangements have been made.

Building Permit.—A building permit has been granted to Fred S. Stols for a six-roomed house on the Edgeware road, costing \$1,500.

Milk Analyses.—The analyses of milk for the month of October will be reported to the city council this evening in connection with the health officer's report. They continue to be as satisfactory as in the past, since the names of vendors became available for publication. Nothing further has been heard of the application to Ottawa for facilities to enable the city analyst to qualify to conduct prosecutions.

Esquimalt Council.—By-laws for the municipality will form the principal business of the meeting of the Esquimalt council to-night, among them being the road tax by-law sent back to the council by the reeve after having been passed. Reports of committees and routine matters are to be dealt with. The by-laws to be passed consist of measures dealing with public health, street traffic, cattle, garbage and the appointments of an engineer and a building inspector.

Playful Boys.—The P. O. Inspector, E. H. Fletcher, has drawn the attention of the Saanich municipal council to the playful pranks of some boys on Halloween night who painted with red ochre the boxes of the Rural Mail delivery on the Carey road, Saanich road and elsewhere, but omitted to complete the job in several cases. So the result has not been a thing of beauty, and J. A. Grant and Mr. Butt complained to the department.

Campaign Postponed.—On Friday afternoon last the board of directors of the Y. W. C. A. met to receive the reports of various committees. Mrs. Adams, the president, occupied the chair, and there was an excellent attendance of members. On the advice of the advisory board the campaign in behalf of the new building is deferred until March, but in the meantime Miss Bradshaw, the newly appointed secretary for the association, will open the house on the new site at the corner of Caledonia and Pandora avenues in order to carry on an extension to the association's work; here classes will be formed immediately. The gymnasium class, under the direction of Miss Jarvis, was opened last Thursday evening in the Pemberton gymnasium, with a fairly large membership, and these will be continued throughout the ensuing months on every succeeding Thursday. Those desirous of joining should communicate with Miss Bradshaw, at the Y. W. C. A.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, Monday, November 11, 1887.

On the C. P. N. Company's steamer Princess Louise there arrived at 11 o'clock last night Colonel Holmes, with ninety officers and men belonging to "C" battery. Major Peters was in command. Mayor Fell welcomed the officers and men at a banquet in the Agricultural hall.

Mr. George Clyde, of the Albion Iron Works, was married last night to Miss Emma Dewanap.

H. M. S. Caroline, with Admirals Heanage and Seymour aboard, arrived in Esquimalt at 2.30 yesterday. Admiral Heanage went aboard the flagship at once and was accorded the usual salute. The Triumph will fly the new admiral's flag until the arrival of H. M. S. Swiftsure.

Up to the present nothing has been done regarding the vacancy in Comox caused through the resignation of Mr. Stenhouse. In a few weeks more it will be the middle of winter, when it will be impossible to obtain a full expression of opinion from the voters of Comox. This is precisely what the government is aiming at.

Dr. Milne, health officer, tells us that the disease reported to exist among the Indians on Humboldt street is measles.

Directors Meet.—A meeting of the board of Y. M. C. A. directors will be held in the association building tomorrow at 12.45 p. m. This will be the regular monthly meeting of the board.

Young People's Branch.—A meeting of the Young People's branch of the Y. M. C. A. will be held on Tuesday (to-morrow) evening at the residence of Mrs. Williscroft, School street, when it is hoped that there will be a large attendance.

Cedar Hill Pond.—The drainage of Cedar Hill pond, which becomes a nuisance in each wet season, has been under consideration by both the city and Saanich councils recently. Both districts are affected, as the area from which surface water is collected is large, and the difficulty is to distinguish between improving private property, and performing the public duties of a local authority. Both municipalities appear to be willing to go to the extent of looking after storm water, but the removal of the pond is another matter, which will require consideration.

W. C. T. U. Meeting.—There will be a business meeting of the W. C. T. U. on Thursday afternoon next at 2.30 at the Y. M. C. A. rooms. As matters of considerable importance are to be discussed, a large attendance is requested. Miss Anderson Hughes, world's missionary for the W. C. T. U., will arrive in the city on Friday afternoon, and it is probable that some form of reception will be accorded her. On Sunday she will preach twice in the city, in the morning at the Emmanuel Baptist church, and in the evening in a pulpit not yet definitely decided upon. In the afternoon she will speak at a mass meeting at the Crystal theatre, and on Monday and Tuesday evening she will give addresses on the latter occasion speaking on the subject: "Through Egypt and Palestine."

New Hall to be Taken.—The meeting of the King's Daughters held on Saturday afternoon last, the president, Miss Leitch, presiding, considered the matter of renting the new hall being built by Mr. George Carter at the rear of the Friends' hall, Courtney street, to be used in place of the temporary premises which are now occupied by the ladies for a few hours daily as a rest and luncheon room. Committees were appointed to attend the hall daily during the six days of the week during which the girls who benefit by the hall are occupied in offices in the city, and names of volunteers from the membership of the King's Daughters were submitted. The rest room is to be managed entirely by the order, and any ladies who have the leisure to give such splendid spirit have the grateful acknowledgment of the order. The reports read at Saturday's meeting showed that as many as forty-five girls had availed themselves of the privileges of the rest and luncheon rooms on several occasions, and had generally expressed themselves as being delighted with the place.

LIBERAL MEETING.

Will Be Held To-night—Addresses Will Be Given.

Victoria Liberals are reminded of the meeting to be held this evening in the association rooms, Cormorant street, when matters of importance to the party will be discussed. After the transaction of the business addresses will be given by Duncan Ross, ex-M. P., and W. W. Baer. The meeting will open at 8 o'clock.

ROCK DROPPED IN BASIN.

Act of Vandalism Occurs at Dallas Road Drinking Fountain.

An act of vandalism was perpetrated last week, probably by some irresponsible youths, which deserves considerable punishment, although the offenders have not yet been caught. It was nothing less than to drop a huge rock into the ornamental basin of the drinking fountain erected on the Dallas Road seawall, doing a large amount of damage.

The public comfort stations are suffering considerable damage also from this wanton vandalism, and the difficulty of detection seems only to encourage the acts. Some of the parts required for repairs have to come long distances, so that when destruction of this character occurs, the results are detrimental to the city and the innocent public suffers while the perpetrators remain unpunished.

The council is determined to put a stop to these acts, involving the destruction of public property.

Daughters of Empire.—The Agnes Deans Cameron chapter will meet this evening at 8 p. m. at the Alexandra Club. A full attendance is requested.

Men's Meeting.—A great men's meeting took place at the Y. M. C. A. yesterday afternoon when Dr. Scott spoke on the "Value of Prayer in a Man's Life." Miss Sherritt gave a vocal selection entitled "My Mother's Prayer."

Winnipeg Tax Rate.—R. R. Byerley, of Strawberry Vale, a Winnipeg taxpayer, wishes to contradict a report which was wired from Winnipeg in June, and appeared in the Times, that the tax mill rate of Winnipeg would be 21 mills this year. He has just received his tax notice, and the net rate is 12 mills.

Oak Bay Building.—Building permits have been issued by the Oak Bay engineer to Coulson Bros., for a seven-roomed house on Burns street to be erected at a cost of \$2,000 with A. J. Harrell as architect; also to T. B. Winship for a six-roomed domicile on Meadow Place at a cost of \$2,500; also to Calvin Moore for a small cottage on Front street costing \$500.

Activities of League.—A cote of sample vegetables arrived at the office of the Vancouver Island Development League this morning from San Jose Bay, which lies to the north of Vancouver Island. They are sent as a sample of what can be produced in that part. A writer from Cochrane asks if there is an opening in the city for a good weekly paper, and if not here, anywhere in the outlying towns. A Toronto man has a capital of \$15,000 which he wants to get busy with in Vancouver Island and a correspondent from Leeds states that he has used slides and literature given him by the League to very good use while in the old country.

St. Mary's Sodality Sale.—The annual bazaar of St. Mary's Sodality was held in the Young Men's Institute on View street on Saturday afternoon, the proceeds of which are to be given to the Catholic Orphanage at Quamichan. The hall looked gay with decorations of bunting in the Sodality colors—pale blue and white, and early in the afternoon Bishop Macdonald gave a short address to those who had gathered in the hall. The several booths did a good business despite the bad weather prevailing out of doors, and there was an excellent attendance of visitors to patronize the various departments. The fancy sewing stall was in charge of Miss Hagan, the president, assisted by Miss Lucy Gray, Mrs. Golding, Miss Tracy, and Miss O'Sullivan. Dolls and doll's fittings were sold by the Misses Lipsey and Fagan, and proved particularly favored in view of approaching Christmas. Another still which did a most successful business was the candy booth under the direction of Mrs. McDonald, Miss Noite, Miss Rita McDonald, and the Misses Helen and May Hickey, while afternoon tea proved as popular as usual and had a big sale, the Misses Mulcahy, Hartnell, Harlick, Cassanova, Belleau, and Hagan dispensing the welcome refreshments at small tables scattered about the room. In the evening a delightful conclusion was given to the proceedings in the form of a musical programme, those assisting being Mesdames Bantley and Morning and Messrs. Blanchard, Gillan, and De Louma.

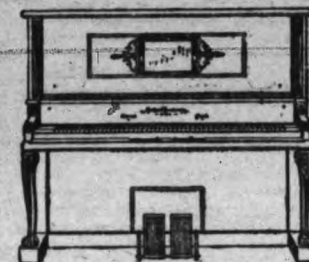

If It's To Be a Piano, Let It Be a Gerhard Heintzman

Canada's BEST Piano

There is nothing that you can buy for the home that will give greater pleasure than a Gerhard Heintzman Piano or a Gerhard Heintzman Player Piano. There are unlimited reasons why these instruments lead all others in real merit and in popularity from Halifax to Victoria. We have sold more than 3000 of this great make of pianos on Vancouver Island alone, and there is not one dissatisfied customer.

Think twice before you decide on Your piano. Consider the claims of all the instruments available and compare them. That is what we invite you to do. We have no fear of your ultimate decision if you treat us fairly and let us demonstrate the points of the famous Gerhard Heintzman.

Shipping News from Day to Day

MAKURA AT HEAD AT DAYLIGHT TO-MORROW

Australian Liner Spoken Off Coast Again Last Night—Magician Also Due

Daylight-to-morrow morning will find the Canadian-Australian liner Makura, Capt. Gibb, anchored off William Head awaiting her pratique in order to come up to this port. A wireless message was received from the big passenger steamship last night at 8 o'clock and her master reported that he was 450 miles from Tatoosh. The Makura should tie up at the outer dock to embark her passengers and land some cargo about 8 o'clock in the morning.

The passenger list on the Makura is not very large. A number of those aboard will disembark at this port, several of whom are bound for San Francisco and will join the Umatilla sailing from here on Wednesday morning. She will put off 100 tons of cargo at this port.

Left Golden Gate Saturday. Word received here this morning by R. P. Rithet & Co., agents for the Harrison line, stated that the Magician did not sail from San Francisco until noon on Saturday. This means that the steamship will not be in port to-day. It is likely that she will dock shortly after noon to-morrow. The Magician is bringing a good cargo north for Victoria and Vancouver. Included in the cargo which the steamship will discharge here will be 250 bags of coffee, loaded at Santos, the great coffee port of Brazil.

Spoke Panama Maru.

Last night the Estevan station picked up the Osaka Shosen Kaisha liner Panama Maru, Capt. Kano, which is steaming to this port from the Orient. At 8 o'clock she reported that she was 83 miles from the west coast port. The agents do not expect her in here until Thursday morning. The Panama has 100 Orientals aboard for Victoria and 650 tons of general merchandise.

HERCULES CHARTERED TO ENTER PHOSPHATE TRADE. Portland, Nov. 8.—Under time charter the Norwegian steamship Hercules, Captain Wilhelmson, which formerly plied regularly between Portland and the Far East, will be operated in the phosphate trade between Ocean Island and Melbourne, according to advices just received by a local acquaintance of the skipper. She was redelivered to the owners at Shimonoeki, Japan. After having been drydocked at Nagasaki she left for Ocean Island October 14, to begin loading for her first trip in the new service. Mrs. Wilhelmson and two children will go from Bergen, Norway, to Melbourne to join the steamer.

When the Hercules left Portland for the Orient there was some talk of sending her back to this coast. Her charter to Andrew Weir & Co. expired while she was on the other side of the Pacific. Operated by the Portland & Asiatic Steamship Company and by Frank Waterhouse & Co., the Hercules ran out of Portland for about three years. No mention was made as to how long she probably will remain in the phosphate trade.

The recent coal strikes in Great Britain cost the labor unions over \$2,500,000 in relief work. The loss to the country was \$5,000,000.

British trade unions increased their membership by 304,595 in the last year.

ANOTHER BAD TRIP IS LOGGED BY TEES

STEAMER HAS FIERCE TIME OFF WEST COAST

Bad Storm Between Quatsino and Kyuquot—One Indian Lost During Gale

Another miserable voyage has been logged by the C.P.R. steamer Tees, Capt. Gilliam, which arrived in port yesterday afternoon from Holberg. During the ten days the Tees was absent from Victoria she was beset by continuous rains, terrific gales of wind and heavy seas. As a result of the fierce weather she encountered, and also the fact that she had to handle considerable freight, the Tees arrived in port one day late, and consequently her sailing date had to be changed. She is not sailing until late to-night.

The worst gale of wind which the Tees met during her trip was on her way south from Holberg. She was making for Kyuquot, and as soon as she poked her nose outside Quatsino Sound she was given a warm reception. The wind was blowing at a fierce clip from the southeast, and was accompanied by a nasty sea. The officers of the Tees say that they never saw the wind blow so hard before. It was so strong that the Tees could make very little headway. After a strenuous battle against wind and wave the steamer ran into Kyuquot Sound.

Indian Drowned During Gale. Just before the Tees drew out from Kyuquot some Indians arrived there who reported that the canoe of Bob Jones had washed ashore farther down the Sound. The Indian had put out just before the great storm broke and it is thought by the other natives that the canoe capsized, and that Jones was unable to reach the shore.

The remainder of the passage of the Tees from Kyuquot was as boisterous as the former part. Heavy rains fell continuously, and the big seas rolled over the steamer and washed her decks clear from stem to stern.

Many Passengers Arrive. The Tees brought a record list of passengers from the west coast. She had all told 193. Among the passengers was a large contingent of Chinese cannery hands, who have been spending the summer working at the new Uchuckick cannery. There were also many laborers, who have been at different points along the coast for some time past.

The big cargo which the Tees had to handle delayed her slightly. She brought in 145 tons of fire clay and general merchandise.

When the Tees sails to-night on her trip to Clayoquot she will take out a large list of passengers.

LINER SHORT OF COAL OFF COAST

San Francisco, Nov. 11.—A wireless message received from the steamer George W. Elder, which was due to arrive here Saturday from Portland, told of the vessel having run short of coal off the Mendocino coast. While the steamer was in no immediate danger, the North Pacific S. S. Co. sent out the steamer Santa Clara to convey the Elder to port. The steamer E. A. Kilburn, also a North Pacific Company boat, is standing by the Elder.

A late radiogram announced that all three steamers probably would reach this port to-day.

SHIPPING INTELLIGENCE

Nov. 10. Tacoma, Wash., Nov. 11.—Arrived: Bee, San Francisco; Sailed: Melville, San Pedro; Umatilla, Seattle and San Francisco. San Francisco, Cal.—Arrived: Bear, Portland; Redondo, Cone Bay. Sailed: Northland, Portland; A. M. Simpson, Coos Bay; steamer Virginian, Salina Cruz; Portland, Ancon. San Pedro, Cal.—The steamer Santa Barbara completed discharging partial cargo of lumber and cleared for Willapa Harbor via Redondo Beach and San Francisco. Portland, Ore.—Sailed: Steamer St. Helens, San Francisco; Klamath left St. Johns for St. Helens; steamer Yellowstone left St. Helens for San Pedro. Seattle, Wash.—Sailed: Hilo, San Francisco; steamer Prince Rupert, Prince Rupert; steamer Watson, San Francisco. Arrived: Steamer Alameda, Southwestern Alaska; Unimak, Akutan; steamer Prince Rupert, Prince Rupert.

JESSIE LEAVES ON FIRST FISHING TRIP

Schooner Cleared To-day—Will Be Away About Ten Days

Off on her first trip as a fishing boat the formerly sealing schooner Jessie, Capt. Geo. Heater, cleared from Victoria this afternoon. The vessel is proceeding from this port to Friday Harbor, where she will take on sufficient gasoline to last her for a two weeks' cruise off the west coast. As soon as her tanks are full and she has a reserve stock aboard, the Jessie will leave Friday Harbor and head straight for the west coast fishing banks.

It is not likely that the Jessie will be back in port for at least ten days. Although the weather at the fishing banks is not of the best, the crew expect to land a good catch on their initial cruise. The Jessie has a great advantage over the American boats as she is not prohibited from fishing within the three-mile limit. If the weather forced her to shelter she can drop her nets in any of the harbors.

On her return to the west coast the Jessie will rely upon her 110 horsepower engine to drive her. She has only a small spread of canvas, and this will only be used when a good favorable slant of wind is met, or when her engine fails. The Jessie can make nine knots an hour, and as she is finely fitted out should prove an excellent craft for the fishing business. Nothing has been decided upon as to what will be done with the schooner Ysabel May, which was formerly operated in the fishing business. She is now lying up, but it is more than likely that in the spring she will be fitted out to again start fishing off the west coast. When the engine of the May gave out it was decided to equip the Jessie for the fishing trade. She was formerly a sealing schooner, but as she has a large beam and is a fine sea boat, it was thought she would make a fine vessel for this business.

STRANDING OF THE LINER ROYAL GEORGE

The Pilotage on St. Lawrence—Captain Not Compelled to Take Pilot Aboard

The morning paper yesterday in discussing the stranding of the Canadian Northern liner Royal George near Quebec, says: "It may not be generally known, but it is a fact, that no matter how skilful a man may be as a navigator of the oceans, he is compelled, by the law of Canada, the moment he arrives off Father Point, to hand over the control of his ship to one of the Quebec pilots. The captain may be a man in the prime of life; he may have the best certificates in the world from the Admiralty; but just as soon as he reaches Father Point he has to give up the command of his ship to the pilot next on the roster."

The morning paper is quite mistaken. The captain of a liner does not have to give up the command of his ship to a pilot as soon as he reaches Father Point. Neither is he compelled to take a pilot aboard. Canada has compulsory pilotage, but that does not mean that a pilot must be taken aboard. It means that whether the services of a pilot are utilized or not, pilotage rates are charged against the vessel. And even when the pilot is aboard the captain does not give up the command of his ship to him. The duty of the pilot is to assist in the navigation of a vessel in those waters with which he is supposed to be specially familiar. The captain is always in command of his ship when she is on the sea. It was therefore customary, not compulsory, for the captain of the Royal George to take aboard the pilot at Father Point.

If the pilotage on the St. Lawrence is defective the remedy lies not in amending the Canada Shipping Act and abolishing pilotage, but in seeing that competent men are appointed. It is for the St. Lawrence pilotage board to do this. The fault lies not in the system, but in its administration. Pilots are necessary in the St. Lawrence; otherwise the insurance charges would be a much more formidable obstacle to the profitable operation of the vessels than they are at present.

The comments of the London Times on the stranding of the Royal George are quite to be expected. The alleged Thunderer for years has opposed the St. Lawrence route, but hitherto has confined its attention to the Gulf of St. Lawrence. Its hostility to the Canadian route some time ago attracted the notice of Hon. Clifford Sifton, while he was endeavoring to arouse interest in the All-Red Route project, and he took the subject up with the marine department of the Times. He obtained a semi-retraction of some of the inaccuracies which had appeared in the paper, but, of course, was unable to change its views. Even the loss of the Titanic with 1,500 lives could not affect the deep-dyed preference of the London Times for the American route.

FIRST SNOW OF SEASON MET BY PRINCE RUPERT

Gentle snowstorms were encountered by the G. T. P. steamer Prince Rupert, Capt. Barney Johnson, on her north-bound trip from Victoria to Prince Rupert. When nearing the northern port snow began to fall and the decks of the steamer were quite white. This is the first fall of snow that has been reported south of Prince Rupert this year. The Prince Rupert arrived in port yesterday morning and sailed again

Five Acre Ranches

SEATON PARK, ALBERNI.

R. V. Winch & Co., of Victoria, this week announce that they have placed "Seaton Park" on the market, and that this desirable subdivision will be sold in five-acre blocks. This land is located on the Sprout Lake road, and there is a frontage on the Sonoma River. The point where this frontage comes in is one of the finest on the river, and the surroundings are picturesque to a degree. The land is largely older bottom, and there is a good chance for one of those small ranches that are so much in demand in the district just now. The five acres is quite enough to enable a man to have all that is required in the way of a garden, poultry run, fruit trees, etc., and at the same time to be within reaching distance

of the City of Alberni. The country immediately surrounding Seaton Park is one of the best for both fishing and hunting, and some of the finest catches of trout taken in the district have been from the river along the side of the park. The land is reached by the road to be extended to Long Beach in time, and then the property will be on the main trunk road of this part of the Island. Seaton Park should become a favorite with those who wish to live a little way out of town, and at the same time be within reasonable distance of the business centre of the district. Alberni Advocate, 1st November, 1912.

Maximum Price \$250 Per Acre

this morning. She took out the following passengers from this port: Mrs. Evans, Mrs. Marshall, M. Olsen, P. Ring Hall, P. Barkman, M. P. McCaffrey, Mrs. M. H. Craig, W. McIvor, A. Harvey, Dr. McLean, R. Smith and Duncan Ross.

WHOLE STERN WAS KNOCKED OFF BUTE

Much Repair Work to Be Done on Tug—Machinery Depot Yards Busy

Upon being hauled out on the Victoria Machinery Depot ways it was discovered that besides the housework on the tug Bute being demolished the whole stern was knocked off of her when she was wrecked at the Albert Head gravel pits a week ago last Saturday. The tug is now undergoing repairs, and it will be several weeks before she is again ready for service. The damage has proven more extensive than was at first thought.

Overhauling Whalers. The Victoria Machinery Depot is carrying out much work at the present time. Besides the Bute the two whalers St. Lawrence and Brown are occupying berths on the ways, undergoing an overhauling. The Kestrel is also alongside the dock being fitted out for her voyage to Honolulu. As soon as the slip is empty she will be hauled out to have her hull scraped and painted.

All the whaling steamers are to be overhauled prior to laying up for the winter. The other eight whalers will be hauled out in turn.

STORM WARNINGS BEING DISPLAYED

Seattle, Nov. 11.—Southwest storm warnings were ordered displayed at 7.15 o'clock this morning at all Washington seaports. A storm of moderate energy prevails over Vancouver Island. It is moving rapidly eastward and probably will cause high south, shifting to southwest winds to-night.

TO DISCUSS MEMBERSHIP IN IMPERIAL MERCHANT SERVICE

Although unable to become affiliated with the Imperial Merchant Service Guild of England owing to clauses in the constitution of that organization which prevent the affiliation of other guilds, the officers of the Merchant Service Guild of British Columbia will call a meeting very shortly to try and overcome the obstacle placed in their way. It is believed that the membership to the local organization will entitle every member to become enlisted as a member of the larger organization. By doing this the members will have the benefit of the old country organization's legal advice in the case of difficulties arising. (Additional Shipping on Page 10).

Why Not Have Your Home Just as You Want It? Modern and Up-To-Date!

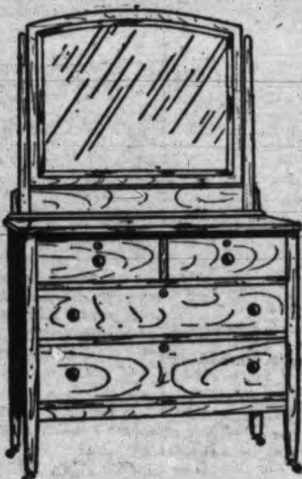

There's no reason in the world why you should not, for this store places within the reach of all, everything that your home ideas and wants demand. This store is filled with just the things your home demands, just the things to make it the easy home you so often have thought and planned. Furniture pieces of satisfactory design, of splendid quality, new and up-to-date, prices extremely reasonable and arrangements to meet the requirements of all. We will be glad to talk over, plan and aid you in the furnishing of your home. Will plan it satisfactory from any standpoint. Just grant us the opportunity.

MAHOGANY CHIFFONIERE, \$25
British bevel mirror 18x20. Top 19x30. Same as above picture.

HERE IS A CHIFFONIERE WITH DRESSER TO MATCH
Of Splendid Quality and Exceptionally Reasonably Priced

We have the most complete showing of Bedroom Furniture on our fourth floor that we have ever had. Dressers, Chiffonieres, Dressing Tables, Beds, Mattresses, Pillows, etc., etc. The furniture for the Bedroom is all new and of the highest quality in any finish. The designs are exceptionally handsome and we would appreciate a visit of inspection from you. Come any time, you are welcome. We are confident that we can suit you as to price, because we have bedroom pieces from the smallest prices possible. Just come and look over our showing to-day.

MAHOGANY DRESSER, \$25.00
British bevel mirror measures 24x30, top 20x40. Same as above illustration and matches Chiffoniere opposite.

SEE THESE AUTOMOBILES, WAGONS and BABY WALKERS ON OUR BALCONY

It is only a few days ago since we announced the arrival of these new goods for the children and since then we have sold a great many. To be sure of a nice gift for the little tots this Christmas come and secure one of these before they are all gone. The Automobiles are all the go with the kiddies just now and they will be delighted with one of these, because they are made just like an auto and they are made strongly and will stand lots of knocking about. Just come and select yours to-day. Don't put it off till tomorrow because the one you want may be gone. Many designs and colors to choose from on our balcony, first floor. You are welcome to inspect these at any time.

The very latest Automobile for the children, built of good material, made to last. Select from a splendid variety. Reasonably price at, each, \$10 and \$9.00

The best and newest Baby Walker. Same as this illustration. Come in and see them, see how baby would like one. Only, each \$4.50

A splendidly made wagon, the same as this picture, in different sizes and many colors to select from. Prices from \$4.00

THESE NEW CHESTS

On our fourth floor are GUARANTEED to be made of GENUINE TENNESSEE MOUNTAIN RED CEDAR. It necessarily contains knots—the more knots the more fragrant the odor, which drives away all mice and insects.

A SUGGESTION

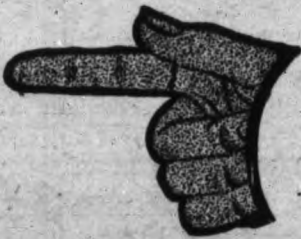

A birthday, wedding or holiday gift that will be highly treasured by the recipient, as well as a pleasure to the donor. A NECESSITY in any home.

Fifteen Different Sizes and Designs to Choose From

Each Chest contains a large package of RED CEDAR SHAVINGS. THESE ARE THE NEWEST THING IN TOWN. Come to our FOURTH floor and examine the first new shipment from

\$45 to \$20

Look at Our Government Street Window Display of the Latest ANDIRONS

It is just at the right time, when these Andirons are needed that we receive a shipment. You are just starting to use your open fireplace. These Andirons are not merely very artistic in design, but are essential in every open fireplace. Let us show you the many designs we have of these on our balcony. There is bound to be a size, design and price among these to suit you. The new designs we must mention are the most exquisite we have ever had.

BLACK ANDIRONS, at, per pair, \$20, \$12, \$5, \$3, \$2.50 and \$1.75
BLACK AND POLISHED BRASS, per pair, only \$9.00

SPORTING NEWS

VANCOUVER CAPTURES FIRST GAME OF M'KECHNIE SERIES

Terminal City Fifteen Showed Great Prowess on Heavy Field and Won by 6 to 5, in Contest That Was Devoid of Sensational Rugby — Visitors Strong

Piling up a lead of six points before Victoria broke into the scoring summary, Vancouver walked off with the first game of the McKechnie cup series at Oak Bay on Saturday, the All-Blacks scoring six points on two tries, while Victoria went over for one try, Ronald Gillespie making the feature play of the afternoon by his clever convert at a very difficult angle. The closing moments of the struggle, which was played in a downpour of rain, were very exciting, the Terminal City fifteen being decidedly lucky to save off the rushes of the Senatorial aggregation in the dying moments of play. Three times in the last half did Victoria dribble the ball over Vancouver's goal line, only to have a Vancouver half-back save a sure score. Ronald Gillespie tried hard to put his team in the lead when he attempted a place kick near the touch line, but his effort fell short.

Victoria Out-Lucked. It would not be fair to the visitors to say that they did not deserve the victory on the day's play. Certainly, however, Victoria was out-lucked, and had the Goddess of Fortune not turned to Vancouver, the locals might not have celebrated a win. Time and again, when Victoria had the ball in their opponents' territory, a bad pass or fumble would lose an opportunity to score, while the Vancouver halves were handling the water soaked sphere as if they had sand paper grips. Superior work on the half line, some will say, but that Victoria should be the only team to suffer from the greasy leather, does not appear altogether a matter of better football.

Field in Awful Shape. Brilliant Rugby was out of the question under the circumstances, but the teams gave a remarkably clever display under the fearful weather conditions. The field was more fit for water polo than Rugby, and three-quarter play was impossible, the halves slipping and sliding along the juicy turf despite the resharpened cleats. It was a battle of forwards, but the slight edge in the cleaner ball handling of the Vancouver halves proved the turning point. The winners also out-kicked Victoria, Vancouver possessing a remarkable full back in Bullen. This player's kicking into touch was really marvellous, the oval travelling thirty and forty yards every punt, before drifting into touch. The first try that Vancouver was credited with came directly as the result of a poor return by Steele, the latter punting into touch a few yards out. A subsequent dribble carried the leather over Victoria's line. This play came when there remained but a minute of the first half, and as Vancouver was favoured by the wind, gave the visitors the lead when they crossed over.

Gillespie's Wonderful Convert. Victoria started out the second period as if the red and white fifteen were going to win in easy style. Twice in as many minutes they rushed the leather right up to the Vancouver line, poorly placed kicks handing the ball

to Vancouver. The locals relaxed for a space, seemed to ease up in the middle of the second period, and it was in this lull that Vancouver secured her second try, the speedy forwards of the Terminal City fifteen dribbling the pigskin over Victoria's touch line, following some stretched work by the local three-quarters in passing the ball out. Victoria registered her only try of the match on a combined rush in which McInnis, Heinekey, D. M. Grant and Shires figured, the latter carrying the ball over. Ronald Gillespie's kick for goal, hit the far goal post and bounced over, the convert being a "wonderful effort."

Outplayed on Half Line. Much as the red and white team pressed the play in the last ten minutes they were unable to score, Bullen and Bell-Jones punting the ball out of danger, repeatedly. Victoria appeared the fresher at the finish, and had much the better of the second half. The team appeared to be working more as a unit, while the halves displayed better form towards the close of the game. On a dry field, the locals would have put up a much better fight, and there are many who are of the opinion that the Red and White fifteen will win, should the same teams meet in decent weather. Vancouver's weight on the line, offset Victoria's superior three-quarter division, weakened as was the latter by the absence of Dal Thomas, and it was their tremendous rushing powers that won for Vancouver. Victoria did not have the same ability to get the ball out of the scrum as did the champions, who appeared to be a much better drilled team than the locals.

Team Work Needed. It was a decided shock to witness the faultless playing of the Vancouver halves, when stacked up against the work of Victoria's back division. The latter fell down badly, when they were expected to shine, and their failure undoubtedly had an effect on the rest of the team. Carstairs was missed on the line, as was Thomas at three-quarter. Victoria, however, will have to improve a great deal in the kicking department of the game, before they can hope for a win over Vancouver's

present line up. Better team work in the pinches will also add strength to Victoria's selection.

Reverse Saturday's Score. Ronald Gillespie and Angus McInnis, were the pick of Victoria's fifteen, though Edwards, Heinekey and the Grant boys showed up well. The water soaked field, handicapped the latter greatly. Gray, who scored both of Vancouver's tries, was easily the star of the Blacks, with Bullen, Bell and Bell-Jones sharing the calcium. The difference in the score about tells the margin that Vancouver had over Victoria, a victory that may be reversed when the teams again meet.

Line-Up of the Clubs. Referee, Sparks handled the game satisfactorily, Vancouver being the chief offender in the matter of fouls. The teams were: Vancouver.—Fullback, Bullen; three-quarters, McLorg, Baker, Bell and Bell-Jones; halves, McRoberts and Cadell; forwards, Leggett, Gray, Spiers, Hamilton, Thomas, Manley, McDiarmid and Matthews.

Victoria.—Fullback, Steele; three-quarters, D. M. Grant, C. C. Grant, Heinekey and C. Martin; halves, A. McInnis and Shires; forwards, R. Gillespie, Heinekey, Milligan, Edwards, Ackland, Denniston, Houston and Simpson. Referee, F. A. Sparks.

LISTEN TO THIS.

The Toronto and Tecumseh professional hockey clubs have a plethora of players, but the quality does not look any too classy. The Torontos on paper have the edge on their rivals, and Bruce Ridpath, with his knowledge of what is required, can be depended upon to make a strong effort to secure a good club. He has several Western players with good reputations and may round out a team that will make the Eastern clubs hustle. Manley, after Nicholson, of the Tecumsehs, claims to have twenty men under contract, and if they are all of the class of players he secured out of the Ontario "bush league" he will probably need them all to make a showing in the N. H. A. Someone should wake the Eastern moguls up to the fact that Toronto will support good professional hockey, but if they are going to retain all the stars of the hockey world the professional game will secure a severe setback in this quarter of the world.—Toronto News.

ARCHER A HOLD-OUT.

Chicago, Nov. 11.—It was learned from Cub headquarters Saturday that unless Jimmy Archer, star catcher of the Cubs and practically their only man so far as real work is concerned, is given a raise in pay he will not be seen with the lineup next season. No 1913 contract will be signed by Archer, it is said, unless his salary is boosted.

A CRACK LOCAL SOCCER PAIR

J. SHERRATT.

F. YUSON.

Celebrated right attack of the Victoria West club, coming champions of the City Soccer league. This team have played on Victoria's representative elevens for the past three years and are a noted ground gaining team. They are good scorers, also, and are considered the two best players in their positions in the league to-day.

| A. O. F. | 0 | 5 | 1 | 1 |
| Fifth Regiment | 0 | 5 | 1 | 1 |

Junior. Wests-Wards game postponed. With the Wests away out in front in

the senior soccer series, the interest of local fans is centred upon the fight in the second league, in which the West Enders are being pressed to hold their lead by the Wards. The J. B. A. A. eleven also have a chance in this division, though the remainder of the clubs appear to have dropped out of the running. In the junior league, the Wests are still showing the pace. The junior championship appears a certainty for the West End youngsters, they showing as much class as some of the second division clubs.

Wards Are Dangerous. One goal represents the difference in the West End club and the Wards, as shown by their last contest, in which the Wests were victorious, and the second clash between these clubs will be interesting. Coronas dropped a game on Saturday because they could not secure a team to place on the field against the Wests, and will likely slip back, while the Bays are right on the heels of the leaders. The Navy-Regiment team is also playing good football, though they were beaten on Saturday. Fifth Regiment and the Foresters look hopeless, neither clubs having registered a win to date.

COMPETE AT VICTORIA VANCOUVER BOXERS

Vancouver A. C. Will Send Three Boxers and Wrestlers to Capital City Tourney

Vancouver, Nov. 11.—The Vancouver Athletic Club will send three boxers and a wrestler to the inter-club tournament at Victoria next Thursday night. Art Fox and Stanley Clement will represent the local club in the 125-pound boxing division; Jim May will compete in the lightweight class, while Al Hatch will weight boxing class, while the Victoria wrestler, in the grappling end of the show. This is a strong team and the locals should get better than an even break. Secretary Bob Seragh of the V. A. C. will also send a string of boxers and wrestlers to the big tournament which the North Vancouver club has arranged to stage on November 18.

On December 1 the Multnomah A. C. of Portland will send four amateurs up here for the first of the international tournaments. The Rose City club will be represented by middle and lightweight boxers and welter and lightweight wrestlers. Al Martin, Frank Barriau, Fred Smith and Al Hatch will be the local club's representatives, Frank Barriau appearing in the lightweight boxing division.

WILL MAKE A CLEAN SWEEP

Vancouver Sport Writer Says That Victoria Will Not Win a Game in the McKechnie Cup Series This Fall — Union to Meet to Discuss Pro. Charges

"Vancouver will make a clean sweep of the McKechnie cup series," was the statement of J. T. Hewitt, sporting editor of the Vancouver Province, to the Times representative after the game. Mr. Hewitt was the only Vancouver newspaperman at the game, and he is very enthusiastic over the prospects of the Terminal City club. "Victoria will never beat Vancouver at Brockton Point, and I thoroughly believe that we can defeat Victoria when we next play on the Oak Bay field. I believe, also, that Vancouver will be able to go through the season without a defeat, winning the Cooper-Ketch cup as a fitting finale to a great Rugby season." Meet This Week.

Mr. Hewitt had little to say with regard to the charges of professionalism that marred the first contest. He states that Vancouver are willing to go before the Rugby union and exonerate the club. The meeting of the British Columbia Rugby Union will likely be held this week at the Balmoral hotel, when the entire list of charges will be threshed out. Vancouver did not send representatives to Saturday night's gathering because of the fact that they did not receive the notice in time.

The "54" HUDSON—a Six 65 miles an hour. To 58 miles an hour in 30 seconds, from standing start.

Beware of the Car Made for Trading

Get a fair price for your old car. But don't demand anything unreasonable or you will pay for it in unsatisfactory quality and poor service in the new car

If you are trading your old automobile in on a new one, here is a caution you should observe.

There are cars toward the purchase of which a larger price will be allowed for your present automobile than you can obtain in buying a more desirable automobile.

It is better to decide upon which car you will prefer. Satisfy yourself that it is the best buy at a cash price, and that it is the one you would choose if you were paying cash. Then if you are selling your old car, obtain the best bargain possible.

But do not accept merely for the sake of a change in cars, an automobile that you do not consider advisable at a cash price.

HUDSONS are not made to trade. HUDSON automobiles "second-hand" command a higher price proportionate to their original cost than those of any other make in the medium price class.

They are not sold to the dealer at a large discount thus permitting him to make an extra allowance for old cars. No more profit on the HUDSON is allowed than that given on most automobiles at similar price.

The quality of the car is to be depended upon to make the sale, not the inducement of price. That is why 48 engineers are regularly employed by the Hudson Motor Car Company in designing HUDSON automobiles. The HUDSON shows what all these men working in union know. They gained their knowledge of motor car building in 97 well-known American and European factories. They had a hand in building more than 300,000 cars. No restrictions were put upon them in building the New HUDSONS. The highest quality was sought for and obtained. Price was not fixed.

Electric Self-Cranking—Electrically Lighted

They Are Completely Equipped

They are electric self-cranking, are electric lighted and have every detail of equipment including speedometer, clock, demountable tires, rain vision windshield, tools, etc. There are two models. HUDSON cars are furnished in two chassis—the "37" a four-cylinder and the "54" a six.

The equipment is complete in every respect including top, rain vision windshield, demountable tires, speedometer, clock, tools, etc. The "37" has a 118-inch wheel base. The "54" has a 127-inch wheel base. They are furnished in either Five-Passenger Touring car, Torpedo Roadster body. The "37" sells at \$2,995—the "54" at \$3,695. I. O. O. Victoria. The "54" with Seven Passenger body is \$3,995.

MAY MODEL CANADIAN GAME AFTER AMERICAN

Offside Interference Rule Being Discussed by C. R. F. U.—Commission Suggested

There is an agitation on foot to introduce some phases of the American game into Canadian Rugby. The scheme is evolved in Toronto and supposed to emanate from Canadian Union officials. The first point taken up is that of the advantage or otherwise to be gained from introducing offside interference in the Canadian game.

Discussing this point, Rev. Father Stanton, coach of the Ottawa College team says:

"Off-side interference is the one regrettable feature of the American game. It is the direct cause of ninety per cent. of the accidents. It is unfair to ask one man to stop two or three and requires superhuman strength to do it. The best feature of the Canadian game is the absence of interference."

Father Stanton suggests that a commission from all senior football unions in Canada be formed and take in some of the big games between American college teams, the idea being to borrow the best features of the American game and apply same to our game. He believes in the abolition of side scrimmages and declares a man weighing over 150 pounds should not be allowed to compete in Canadian football.

The superiority of American methods of coaching to that in vogue in Canada is apparent. In the few universities there is one coach to almost every two regular players.

M'GOORTY AND SMITH.

Milwaukee, Nov. 11.—A cable from England says the National Sporting Club, of London, is after a match between Eddie McGorty, of Oshkosh, and Dave Smith, the Australian middle and lightweight champion. Smith is in Philadelphia, but says he would go abroad for such a match. McGorty knocked him out in less than a round recently.

SPORTING NEWS

(CONTINUED)

THREATEN TO IGNORE CHAMPION UNLESS HE FIGHTS DICK HYLAND

Tommy Burns Will Stage Hyland-Scaler Bout for the Title Unless Manager Condon Agrees to Terms—Gold Belt Will Be Offered by Hyland

Calgary, Nov. 10.—Asserting that he will give Joe Bayley no better terms than he had in the first Hyland match, twelve hundred guarantees, option of thirty per cent. and three round trip tickets, Tommy Burns is preparing to put up a fine gold belt emblematic of the Canadian lightweight championship, to be donated by Dick Hyland, of Calgary. Burns says Bayley is afraid of Hyland and shows it by Condon's failure to post money after Hyland complied with all conditions named by the Victorian manager. Hyland's money will remain up until Thursday, and if it is not covered by that time it will be drawn down. Winnipeg, Saskatoon, Edmonton and Calgary promoters conferred at Edmonton on Saturday and decided to ignore Bayley entirely unless he takes steps to sign with Hyland again.

"If Bayley is so sure of winning why doesn't he take a chance on the winner's end of sixty per cent. of gross that I offered," says Burns. "Hyland is now as big a card as he is, and unless he meets Hyland again Bayley won't be a drawing

card anywhere. All this stalling on the part of Condon plainly shows that Bayley is afraid; that's the only word for it. Condon made it conditional that there be a two thousand side bet, and now he is afraid of losing and wants Bayley guaranteed enough to break even, when beaten. I don't believe Condon wants to bet at all. Betting really hurts the game, and if he wants a match without a bet he can say so and let it go that way."

Hyland to Meet Scaler.

Edmonton promoters opened negotiations Saturday night for Hyland to meet Scaler in Edmonton for the Canadian lightweight championship, probably about December 12, unless Bayley signs to meet him here December 20. Had Ernie Barrieau won at Edmonton Saturday night he would have been substituted.

Maurice Thompson will be Hyland's opponent on the 24th. Barrieau showed nothing but showy cleverness in boxing with little behind, and was too weak, making weight, to make decent showing.

was hereafter a member of the Cincinnati club.

What disposition will be made of Tinker, providing Manager John Evers decides he shall be connected with the Chicago club no longer, was not disclosed by Murphy.

Chance Wants \$20,000.

Los Angeles, Nov. 11.—"I will not stir from my ranch in Glendora until I am paid \$20,000 cash," exclaimed Frank Chance when told of the deal whereby he had been transferred to the Cincinnati Reds by President Murphy, of the Chicago Cubs.

"That bit about Garry Herrmann paying \$1,500 for me is all bosh. Murphy got much more than that, and I want \$20,000 before I go to the Reds."

May Not Use Chance.

Cincinnati, Nov. 11.—President Herrmann, of the Cincinnati baseball club, when informed that Frank Chance has been released to his team, said he did not know whether he would use him.

TINKER FOR REDS.

Cincinnati, Ohio, Nov. 11.—August Herrmann, president of the Cincinnati club of the National League, announced yesterday that Joseph Tinker, of the Chicago club, would be the 1913 manager of the Cincinnati club.

REMARKED ON THE SIDE

Looks as if the N. H. A. Clubs Acted Wisely.

If there is one individual in the entire Dominion who feels like crawling into a hole and pulling the hole in after him it is Samuel E. Lichtenhein, Esq., of Montreal. To be made the "root" by the Eastern hockey moguls, after his bombastic utterances as to what he would do to the Pacific Coast teams, was surely a great tumble for Sammy. He had to bow to the superiority of the ball when the matter of forming a hockey commission came to a vote. The Eastern clubs showed their good sense and judgment in refusing to allow a firebrand like Lichtenhein to lead them, and the step that they took Saturday night at Montreal in voting for a commission will become historic in the annals of hockey. It will place the game in the hands of sportsmen who will take the gambling element is not allowed to tamper with the good name of the game and will also tend to develop and foster the professional sport. Ottawa, Toronto, and Quebec were united against bringing on a "war" that would force them to pay more for their players, and Sammy could not do other than swallow his own words. Lichtenhein will now realize how small a factor he is in the controlling of professional hockey, and if he is not entirely devoid of grey matter will retire to his original role as a humble club owner.

Curtains For Ernest Barrieau, of Vancouver.

Of all the bloomers that have been foisted upon the Canadian boxing public, Barrieau looks to be about as good a frost as any. Heralded far and wide as the coming Canadian champion and rushed forward at a clip that astounded the old-timers, Barrieau's ring aspirations received a death blow at the hands of Kid Scaler at Edmonton. The latter had little difficulty in winning from the Terminal City youth, beating him in a pulp and forcing Barrieau's seconds to leave the towel into the ring in the sixth. It was a thorough trouncing and leaves no doubt as to who is the better man. Perhaps the defeat will serve to "wise" some of the Vancouver sportsmen as to the relative scrapping ability of Joe Bayley and Barrieau. Bayley has shown that he has the "kick" and ability to take punishment. He has met all who challenged him, and Manager Condon has refused to allow his protegee to be bullied into a fight. Barrieau, in Saturday night's fight at Edmonton, claims to have been trained too fine. Well, if Vancouver papers are to be believed, he was in the pink of condition when he climbed through the ropes. That's poor excuse at best for an aspiring lightweight, and from this distance it looks as if Barrieau is little better than a good amateur, who will never advance into the championship class. Chet McIntyre has not handled his man properly and insisted on going after the big game from the start, when he had but a pop gun with which to combat the real class.

Victoria Still Has a Chance for the McKechnie Cup.

It is a little too early in the fight to grow down-hearted over the prospects of the Capital City fifteen for the possession of the McKechnie cup and the championship of British Columbia. True, Vancouver gained a big lead in the series by capturing the first struggle at Oak Bay on Saturday, but who will deny that Victoria's Rugbyists did not make the Terminal City fifteen hustle all the way? The winners presented a team that was strong in all departments and which surprised the critics by their remarkable strength behind the line. Victoria was touted as having the best three-quarter line on the coast, but on a heavy field and in the pouring rain, Vancouver certainly carried off the honors. Dal Thomas' absence broke up the passing game the Senators had depended upon to advance the ball, and the splendid kicking of Bullen, the Vancouver full-back, had the local backs at sea. Time and again he returned the oval for huge gains and rarely did he fumble. The absence of Carstairs weakened the local forward line, but it was not the forwards who were to blame. The Vancouver halves took advantage of every opportunity, while Victoria's poor kicking into touch was directly responsible for the first try. There may be a couple of changes when the Senators face the All-Blacks a week from Saturday at Vancouver, and the locals hope to have Dal Thomas on the back division, in the second match of the series.

What About Amateur Hockey in Victoria?

Failure to secure a quorum resulted in the postponement of the City Amateur Hockey League on Friday night, and the local clubs are now wondering just when this organization will get down to business. The time is approaching when the teams must line up for the scheduled games, but unless the league gets busy at once, there will be no schedule. Manager Patrick has assured the officers of the league that he will give them ice accommodation, and it is up to the teams to organize and show that they appreciate his work in this direction. The financial outlay necessary to carry an amateur hockey club along is one of the real difficulties the officers face, but it is hoped to overcome this by staging a few games with the Vancouver and New Westminster amateurs. For such games, special arrangements will be made with the rink, and if possible, a whole evening will be reserved for the amateur league. However, the main work just now is the formation of an amateur league. A meeting will be held in a few days to elect officers, when it is hoped to have four or five clubs in attendance.

HOCKEY PEACE IS NOW PROBABLE—EASTERNERS WANT COMMISSION

N. H. A. Agrees to Work With Coast Clubs in Best Interests of Game—Patrick's Are Still After More Players—Several Trades in View

"We will go ahead and compete with the eastern clubs for the players that remain unsigned, and unless the N. H. A. forces Lichtenhein to give up Hyland and Johnson, we will do our best to fill the vacant gaps with men who are now the property of the eastern clubs." The above statement was made by Lester Patrick yesterday when interviewed regarding the result of Saturday night's meeting of the National Hockey Association, when the eastern clubs decided to form a hockey commission and co-operate with the coast clubs in all matters pertaining to hockey. The decision means the return of Hyland and Johnson to New Westminster and will prevent the threatened "war," which would have meant the sending of a coast delegate to the east. As matters stand, the P. C. H. A. clubs need a couple of good forwards and a defence man to fill out their teams. Should the trade for

Neway Lalonde go through, Pitro will go to the Royals, while Marty Walsh will figure on the Vancouver club. Albert Kerr is slated for Victoria, while Skinner Poulin may go to Vancouver. Carl Kendall will also remain in Victoria, and if Fred Taylor decides to accept the terms of the Vancouver management, he will be attached to the Terminal City club.

Ignore Troublemaker.

A meeting of the league will be held at Vancouver this week, when the schedule will be adopted. The coast officers expect to hear from Mr. Emmett Quinn, president of the National Hockey Association with regard to Saturday night's meeting, and will delay the B. C. H. A. gathering until official word is received from the east. Now that the settlement appears probable, Sammy Lichtenhein will be ignored, the coast officers figuring that their time is too valuable to waste in an interchange of letters with him.

BENNY ERB STARRED AGAINST CALIFORNIA

Wet Field Marred College Rugby Feature at Berkeley Game Ended a Tie

Berkeley, Cal., Nov. 11.—There was little of Rugby, as the game is generally understood, about the seventh annual contest between Stanford University and the University of California, which ended in a 3 to 3 tie Saturday. It was played on a field so deep in mud and water that passing rallies and the open play which served to make Rugby a thrilling game on a dry field was utterly lacking.

Erb Plays Star Game.

Stanford scored first when California was penalized by Referee William W. Hill, of New South Wales, for holding the ball on the ground. The play occurred on California's 20-yard line almost in front of the goal posts. Referee Hill granted Stanford a place kick and Benny Erb, the Stanford fullback, hurried it over the bar with a perfect drive. Erb played a wonderful game throughout and his precision in handling and kicking the wet and heavy ball saved his side from disaster over and over again.

Scores on Free Kick.

California's score came in the second half. From a lineout at mid-field Morris secured the ball and passed to Capt. Stroud, who swept it 20 yards, and then passed to Allen. Allen dropped it, but sent it forward at his feet and there was a dribbling rush that took the ball to Stanford's goal line near the

GOOD TO MEET BAYLEY

"Joe" Bayley and "Sammy" Good, through their respective managers, have finally come to terms regarding their match at Prince Rupert on November 16. Articles were finally signed last evening. Good will receive a good percentage for meeting the champion in addition to training expenses. Good, accompanied by Manager Leonard, will leave for the north during the next few days.

Listen to This.

Seattle, Nov. 11.—Johnny Corbett, the crack Arkansas lightweight, who was in Seattle several weeks ago attempting to hook up with some of the local talent, is now negotiating with Joe Bayley, the Canadian lightweight champion, for a match. Corbett has agreed to fight Bayley on his own terms. Corbett's manager, Frank Delaney, opines that Corbett can knock Bayley still in ten rounds and offers to bet \$500 on the side that he is right.

WEEKLY PAPER SAYS YEAR OF 1912 HARD ON SPORT

The Montreal Tribune, in its last issue says:

"The Mighty Dollar," bids fair to be the destroying element in our many pastimes. It has put our national game in a lethargic condition from which it will take some time to resuscitate it. It has entered the arena of hockey to such an extent that, like lacrosse, two different professional leagues were anticipated. Probably the lesson learnt from the fiasco of lacrosse has kept some from venturing on dangerous ground. And now it has started to enter soccer football. It certainly rules "the road," and the many marketable quantities in the East and the West are up for the highest bidders in all classes of sport.

The sporting stock market is beginning to show signs of uneasiness, and unless a check is put on the bidding propensities, a crash, which will mean sure death to sport, must inevitably come.

The year of 1912 will be classed as one of the most unfortunate ones in the annals of sport, for the dose of hemlock has been administered with "the mighty dollar," and wrecks and failures will be recorded.

BARRIEAU PUT AWAY.

Kid Scaler Secured K. O. Victory Over Vancouver Lightweight.

Edmonton, Nov. 11.—Weakened by trouble in making weight, Ernie Barrieau went down to defeat in the sixth round of his bout with Kid Scaler at the Thistle rink Saturday night before a crowd of fifteen hundred. Barrieau looked drawn when he entered the ring,

AL JEFFS

J. B. A. A. Rugby captain, who will referee Thursday night's bouts at the Victoria Theatre.

COST JOE BAYLEY A HUGE ROLL

Defeat of Barrieau Precludes Battle With Champion—Scaler Now Desirous of a Fight With Title Holder—May Stage Bout in Edmonton

When Kid Scaler beat Ernie Barrieau with an assortment of punches on Saturday night at Edmonton, he just did Joe Bayley out of about two thousand of the earliest plunks that Bayley ever thought of. The defeat of Barrieau at the hands of the rejuvenated Kid Scaler means that there will be no bout between Barrieau and Bayley, even though the principals had arranged for a meeting between the pair in December. Morris Condon will now be justified in telling Barrieau to get a "rep," should the Vancouver boy desire a bout with the champion.

Edmonton sportsmen offered Bayley \$1,500 to fight Scaler in Edmonton a few weeks ago, and Bayley expects the bid will be raised to about two thousand, with the possibility of a good stiff side bet. This man Scaler appears to have unearthed the Fountain of Youth. He has pulled the Madame Patti stunt half a dozen times, yet holds up again full of "piz" and whips one of the aspirants for Joe Bayley's crown. Scaler is about thirty-four years of age, and while he is Bayley's logical opponent will not stand half a dozen rounds against the title holder.

Triumphs of Fit-Reform Tailoring

One of the most popular Overcoats that Fit-Reform has ever turned out is the "Swagger," shown at the left of the illustration. The back is very full, and the front is made either Single or Double-Breasted. It is exceptionally smart, and a warm, serviceable coat as well.

The Fit-Reform "Raglan" on the right is a perfect example of how a "Raglan" should be made, and is as graceful an Overcoat as could well be imagined. Come in and see all the new Fit-Reform Styles.

but for the first three rounds he out-pointed Scaler and he had many points with his clever left jab and occasional right uppercuts.

He showed his first weakness in the fourth when Scaler rushed him to the ropes with right and left to the head and body. With five seconds to go in the fifth round, Scaler put Barrieau to his knees with a right swing to the head and the bell saved Ernie. He was weak in the sixth and Scaler at once started to hammer him with rights and lefts and with Barrieau reeling about the ring, his manager checked in the towel. Clayton Adams refused.

from Vancouver.

A quiet wedding was solemnized at

the Church of Our Lady of the Holy

Rosary this morning, the contracting

parties being Miss Jeanette A. Murphy

and Mr. V. Laursen, says Saturday's

Province. The bride was given away

by her father, Mr. J. T. Murphy, and

was attended by Miss L. Laursen, sis-

ter of the groom. The groom was sup-

ported by his brother, Mr. K. Laursen.

After the ceremony the immediate re-

latives of the newly wedded pair par-

ticipated in a wedding luncheon at the

Carlton. The bride and groom left by

boat for a short trip to Victoria and

the coast cities. On their return they

will take up their residence at the

corner of Fraser avenue and Twenty-

ninth avenue. As a preliminary to the

wedding ceremony Mr. Laursen, who

is solicitor for the B. C. Electric, was

yesterday afternoon summoned to the

office of the general manager where he

found the management of the company

assembled. Acting General Manager

Conway addressed Mr. Laursen, and

on behalf of the gathering presented

him with a handsome cabinet of silver-

ware. Mr. Conway expressed the

heartily good wishes of the staff to Mr.

Laursen in view of his approaching

marriage and Mr. F. R. Glover added

a few words, expressing the high re-

gard in which Mr. Laursen was held

by his associates. To these remarks

Mr. Laursen made a brief reply, and

the gathering broke up with cheers and

congratulations.

Mrs. Grover Cleveland, of Prince-

town, N. J., authorizes the announce-

ment of her engagement to Thomas

J. Preston, professor of archaeology

and history of arts at Wells College.

The date of the wedding will be an-

nounced later. Mrs. Cleveland's

maiden name was Frances Folsom.

She was the daughter of her hus-

band's last partner. She married Mr.

Cleveland in 1896, while he was pres-

ident of the United States. Mr. Cleve-

land died in 1908.

A. W. Campbell has arrived in the

city from Vancouver and is a guest at

the Empress hotel.

Robert E. M. McDonald, who arrived

yesterday from Nanaimo, is registered

at the King Edward hotel.

J. A. H. Nelville, who has arrived

from New York city, is among the

guests at the Empress hotel.

Mrs. A. E. Carter (nee Nason) will

hold her post nuptial reception on

Thursday, November 14th, at her home,

511 Collinson street from 3 to 5.

THE DANCE MAN

Arthur Hartmann.

Arthur Hartmann, the great Hun-

garian violin virtuoso who is touring

America this season, achieved a phe-

nominal success some years ago in

Bucharest and won the favor of the

King and Queen of Roumania to such

an extent that the former conferred on

him the title of "Court Violinist," and

the Queen made Hartmann a Knight

and Chevalier of the Royal Order of St.

Iago. The virtuoso was especially

pleased at the enthusiasm of her Ma-

jesty, for she possesses fine taste and

keen artistic discrimination, having

given to the literary world (under her

pseudonym of "Carmen Sylva") sev-

eral volumes of poetry and half a

dozen plays. After having heard Hart-

mann at two of his Bucharest recitals

and "commanding" him to play three

times at court, the Queen expressed

her opinion that Roumania had never

had within its borders a violinist who

was the equal of the young Hungarian

tone wizard. In planning on his breast

the diamond star of the St. Iago Order,

her Majesty said to Hartmann: "Never

let your marvellous art retrograde. Al-

ways be as far ahead of other players

as you are now. If ever I hear one

who is greater than you I shall take

back this Order and ask the King to

depose you as his "Court Violinist."

The Queen laughed as she spoke and

her hearers joined in the merriment,

but somehow Hartmann felt that there

was an undercurrent of seriousness in

her words. He bowed low and re-

plied: "I shall try to retain always the

honors which your Majesty and the

King have been gracious enough to be-

stow on me."

IDEAS OF A PLAIN MAN

BY DR. FRANK CRANE

Everything has a message to the

soul. Every tree, star and stone,

every porch-pillar and vine wall is

trying to say something to us.

It is pathetic to

UNIVERSITY PLANS AWARD TO-MORROW

REPORT GIVES PRIZE TO THOMAS HOOPER

Plans Show Beautiful Group of Buildings for Point Grey of Renaissance Design

It is reported among architects this morning that an award will be announced to-morrow in connection with the British Columbia University plans competition, and that Thomas Hooper, the local architect, of the Bone-Hibben block, is the successful competitor. The judges are W. D. Caroe, England; A. A. Cox and Samuel McClure.

The plans which Mr. Hooper submitted show a group of buildings of Renaissance design, the sketches for which were made when Mr. Hooper went to England recently in connection with the Spencer block plans, and have been pronounced architecturally beautiful by those who have been privileged to see them.

Mr. Hooper is one of the oldest established and best known architects in Victoria and has offices also at Vancouver. He has designed many important buildings in both cities, and has undertaken work on previous occasions for the provincial government.

DEVONIAN CONCERT.

Very Enjoyable Programme Given in Theatre on Saturday Night.

The concert given at the Victoria theatre on Saturday night by the Devonian Society of this city, proved most successful, a delightful programme of songs, recitations and dances being given to a delighted audience, the performance in its entirety comparing favorably with the best vaudeville performance which it is possible to obtain. The most important feature of the evening's performance was the final number on the programme—the tableau representing "Britannia Armed." Here Sir Francis Drake is seen offering Britannia his sword and flag, which, however, he afterwards passed on to Canada, the allegory in tableau signifying that the unprotected naval condition of the colony was recognized.

All the performers acquitted themselves in most delightful manner, the vocal selections given by Madame Marie Wood being among the highly favored numbers of the evening. Madame Wood possesses a full and sympathetic soprano which she used to great advantage in Tosti's "Good-bye" and "Beloved, It is Mine." Mr. Gilliam and Mr. Morrison, with "The Veteran Song" and "I Fear No Fox" were heartily applauded, and a popular song, "Heroes and Gentlemen," sung by Mr. J. Dunford, also elicited prolonged calls for an encore.

An unusually fine feature of the performance was the reciting of Mr. W. H. Parkyn, who is without a peer in the capacity of raconteur and reciter on the Pacific coast. His various selections were given in costume, and so cleverly did he disguise his voice that his various impersonations came as a complete surprise to his audience. "A Devon Bachelor," recited with Devon dialect, proved particularly clever and amusing, and in "Jack's Courtship" he once again showed an inimitable ability for impersonation of the quaint Devon character.

One of the most delightful turns of the evening was the dancing of little Violet Vickers, who proved a most fascinating little artist, and showed in her exhibition of both modern and classical dancing that she has unusual ability as an exponent of this art. Her appearances were warmly applauded, and the little lady retired after each performance amidst the universal clapping of the spectators.

Others who assisted on the programme were Messrs. Pattle and Watts, who gave some banjo selections that were much liked.

LEAVES NEWSPAPER WORK.

John Minto, Times News Editor, Goes Into Other Business.

After an association extending almost continuously over fifteen years, John Minto, news editor of the Times, has severed his connection with the paper to engage in other business.

Mr. Minto came to this city from Glasgow, where since boyhood he had been connected with the journalistic profession. He early joined the staff of the Times and has consistently given it devoted loyal and able service. Absolutely reliable he enjoyed the entire confidence of the management who, with his colleagues, sincerely regret his retirement, but whose best wishes he carries with him to the sphere of his future activities.

He has accepted a position with The Negotiators, Ltd., who are the fiscal agents for the British Canadian Fire Insurance Co., The Titles Holding Company, and The Bankers' Trust Corporation, having offices in the Royal Bank Chambers, Government street.

SCHOOL BOARD MEETING.

Monthly Session Will Be Held on Wednesday.—Will Acquire Site.

The monthly meeting of the school board will be held on Wednesday, when a number of matters are to be considered. A report will be in from the special committee appointed to consider the cadet movement in the public schools, the members having met Major Snow in the meantime on the subject.

Final arrangements with regard to the purchase of the corner lots on Quadra and Finlayson streets, which the board is acquiring from Robert Cruise, M. P., and another will be reported. Only the agreement remains to be signed, the purchase price being \$22,000. The question of the new school for James Bay will also probably receive attention on this occasion. The school attendance was a little affected in the northeastern schools by some cases of scarlet fever in the Spring Ridge and Oaklands districts during last month.

A QUESTION OF USAGE.

Position of Public in Travelling Equipment Road Near the Silver Spring Brewery.

The commencement of construction of bottling works in connection with the Silver Spring Brewery, for which a building permit was taken out early last week, brings to a head the question of the right of use of the Esquimalt road near the brewery, which has been a bone of contention for a long time. The bottling works will project some feet over the roadway.

Depending on the Ralph map, which is the official basis of street lines in Victoria West, the company declares that no public right exists, and the only standing the council has is the use of the thoroughfare at that point by the public.

Line street was set apart by the city council some months ago as the trunk thoroughfare, along which the car tracks should go, but when it was proposed to pave it, the department of railway asked the council to wait till the reserve question was settled, as tracks might be required to pass down the street to the reserve. The residents of the district will protest against the closing up of the thoroughfare, should this course be attempted.

ANNOUNCEMENT ON RESERVE.

Mission of Premier McBride and Union Terminals.

The announcement is made through Montreal in connection with Sir Richard McBride's mission to the East, that an arrangement has been reached having in view a union terminal on the Songhees reserve.

When further information is to hand it will probably be found that the Canadian Pacific Railway has not receded from the position which was taken when Sir Thomas Shaughnessy was on the Coast recently. It was then announced that the board of directors were in complete sympathy with Mr. Marpole in his attitude.

Further information on the subject will be eagerly awaited.

COMMISSIONERS RETURN.

Have Been Studying Municipal Conditions of Other Cities.

The members of the provincial municipal commission have completed their investigations in Eastern Canada and the United States. Commissioner A. E. Bull returned to the city yesterday; Commissioner Maclean has come to Victoria, and Mr. W. H. Keary, chairman of the board, has been back at his home in New Westminster for some days.

The commissioners, who have been absent from the province since the latter part of September, visited some twenty odd centres and investigated the methods of municipal government in each.

ALDERMAN HAS A STRUGGLE.

To Effect Crossing of Adelaide Street, Oaklands.

In response to the urgent request of the Oaklands Ratepayers' Association, Alderman Gleason paid a visit to the swamps at all the crossings in the northeast section on Saturday. When the alderman arrived at the intersection of Adelaide and Hillside avenue a very startling incident took place. With characteristic pluck the alderman attempted to cross the street, and not having acquired the aquatic skill of the residents along this thoroughfare he nearly came to grief. To the alarm of the onlookers it was soon apparent that the alderman was sinking and unless a rescue was speedily effected he would soon be lost to sight. By the time, however, that the rescue party had arrived on the scene the alderman had reached the bottom. It is now proposed to place concrete stepping stones at the crossing so that the male portion of the population can spring across in safety.

TEMPERANCE DAY.

Was Observed in Many of the City Churches Yesterday.

Temperance day was observed in a great many of the churches in the city yesterday, and formed the theme of at least one of the sermons in the Metropolitan Methodist church, the Church of Our Lord, and some of the smaller churches in the city, while nearly every Non-conformist Sunday school in the city took the regular Temperance Sunday lesson. At the Metropolitan church Mr. Scott preached on the subject, choosing as the nucleus of his talk the amethyst, the twelfth foundation stone of the ideal city of John, and pointing out that amethyst signified a charm against drink. Rev. Mr. Gladstone gave his special temperance sermon in the evening, choosing as his text: "What measure of men were they whom ye slew at Tabor?"

In response to this was "Gideon's answer: 'As thou art, so were they,' and to-day we might say the same, for it was not the degenerates who were chosen for destruction by drink, but the finest men and women, and our antagonism to this was instinctive protection against evil. At the First Presbyterian church, St. Andrew's Presbyterian church, Emmanuel Baptist church, Centennial church, and other places, the regular temperance lesson was given in all the classes.

ARTISTIC TREAT.

Delightful Concert By Ladies' Musical Club on Saturday.

A somewhat new departure was followed at the concert given at the Alexandra Club on Saturday afternoon by the Ladies' Musical Club, when the entire programme was carried out with the exception of one instrumental number—by two sisters, Mrs. MacDonald Fahey and Miss Nellie Lugin. The effect was most pleasing, and resulted in a most gratifying criticism of the second concert of the season.

Mrs. Fahey's voice is a dramatic soprano of great purity and range, which she uses in a most sympathetic manner. In addition to this she is possessed of a very fine stage presence, and an ability to reflect the sentiment of the song in her expression. Her various numbers were greeted with justly-earned applause, and two encores were called for during the afternoon. It would be difficult to confine a singer of so much ability to any specific class of vocal art, but of the various numbers given by her on Saturday the Aria from Verdi's La Forza del Destino gave her a greater opportunity for the display of that wonderfully sympathetic quality of voice which is so rarely heard. "The Blackbird's Song" and "May Time" were also beautifully sung, and in her duets with her sister the audience were once more delighted with the soaring sweetness of her beautiful voice.

Miss Nellie Lugin has a voice of such undeniably contralto quality that a most effective contrast was secured in the conjunction of the two voices at this recital, and her various selections were very well received. "The Carnival" showed this singer at her best, although several other numbers were of a very pleasing nature, the famous contralto aria from Samson et Dalila proving a particularly welcome addition to the programme. The duets by Chamblade and Potze sung by Mrs. Fahey and Miss Lugin were exceptionally pretty, and were sufficiently applauded by the audience to justify an encore. Mrs. A. J. Gibson, who accompanied in her usually delightful manner, gave, by special request, Chamblade's Pierrot, which was very well received.

One of the chief causes of nervous fatigue is said by an oculist to be due to the fact that in city life men's eyes are always fixed on near objects. When at rest, the eyes move apart until they are parallel, as if they were looking at the horizon. All the time, therefore, that a person is looking at objects close to him, the little muscles of the eye are doing tireless work. That is why the eyes feel rested by an extensive view in the open country.

Argentina is preparing to spend \$10,000,000 for improvements to its present system of grain elevators, and construction of elevators at ports where there are none now.

Do You Like Your Neighbors?

You Can Decide Just Who Your Neighbors
Are to Be If You Act Quickly and
Buy Right Now in : : :

SUMMERLAND

Here's how to do it: Get together a group of your friends, people whom you like and who like you, and arrange to take several lots adjoining one another. It will be easy to get your friends to buy, because even if they do not know this lovely property by its old name of Heatherbell Orchards, they need only see it once to appreciate the truth—that this is the very finest summer, or permanent, home-site property at anything like the prices we are asking for it.

The lots in "SUMMERLAND" measure from 60x200 feet to almost a full acre, and yet the prices start at only \$800. The terms, as you will note be-

low, are exceptionally easy. And, besides getting a delightful homesite that will enhance in value very rapidly—especially as we are charging less for the LOTS than adjoining property is held at IN ACRE-AGE—you and every one of your friends who purchase will have an equal chance with all purchasers to win either one of the big prizes, the house and lot or the Chalmers motor car.

We are offering these prizes merely to stimulate interest and to insure a quicker sale. Their value is not figured into the cost of the property in any way. And we are obtaining the desired result, for the demand has been keen from the start and the property is selling fast.

Ferry Service Will Cut Distance Away Down

Even with the present facilities the time it takes to go and come from "SUMMERLAND" is very inconsiderable, and when the ferry service from the end of the Esquimalt car line is installed—and it is assured now—the running time will not be more than ten minutes from the street car to the landing on the property.

"SUMMERLAND" lies on a gentle slope and fronts on the Esquimalt Lagoon, a charming piece of water. The property was a select orchard heretofore, and naturally the soil is the best. The view is charming, and yet the lots are sheltered from prevailing winds. We are grading all the main streets,

and there will be a public landing on the waterfront for the use of all lot-owners. Thus every lot will have access to the Lagoon with its delightful boating and bathing. Good shooting and fishing may be enjoyed in season near at hand.

PURCHASERS PARTICIPATE IN A DRAWING TO BE HELD AT CLOSE OF SALE, IN WHICH THE FIRST PRIZE IS AN EIGHT-ROOMED HOUSE, WITH ¼ ACRE OF LAND IN "SUMMERLAND." SECOND PRIZE IS A 1912 MODEL CHALMERS 36 H.P. MOTOR CAR AND EQUIPMENT. THE FIRST PRIZE IS VALUED AT \$5000; SECOND PRIZE AT \$3000.

MAKE UP YOUR MIND NOW; DON'T WAIT. THERE IS NO DOUBT OF THE VALUE OF THIS PROPERTY NOR OF ITS BEAUTY AND DELIGHTFUL SITUATION. THE PRICES RUN FROM

\$800 Up

And the Terms Call for 10 Per Cent. Deposit, 15 Per Cent. in 30 Days and Balance 9, 18 and 27 Months

ENGINEER STABBED AND MAY NOT LIVE

Man Who Attacked Him in Jail
in Grand Forks—Alleged
Thief Arrested

Grand Forks, Nov. 9.—Hugh O. Lyall, who was the victim of a knife attack in a local hotel last night, is the civil engineer in charge of the construction work being undertaken by the Canadian Pacific railway in this city. Upon examination at the hospital it was found that he had received five wounds, one of which penetrated his lungs and he is to-night in a precarious condition. Sam Roberts, his assailant, appeared before Magistrate Cochrane this afternoon and was remanded for eight days, pending the outcome of the wounds inflicted upon Lyall.

G. B. Taylor was arrested this afternoon on a charge of having stolen a large quantity of cigars from the Collins hotel, at which he was an employee. Taylor is said to have been doing a land office business in appropriating cigars and disposing of them at bargain-day prices to smokers through the city.

DOMINIONS AND HOME RULE.

London, Nov. 11.—William Redmond, speaking of his Australian visit, said that if a plebiscite of the empire were taken on Home Rule Australia, New Zealand, and no doubt Canada also, would plump in favor of restoring to Ireland her national right.

RIVER STEAMER FAST IN THE ICE

SOME PASSENGERS MUSH
THEIR WAY TO DAWSON

Member for Yukon Takes No
Chances and Remains
With Boat

Dawson, Y. T., Nov. 11.—Seventy-five of the 125 passengers who were aboard the steamer Vidette, when she was frozen in at Indian river, have mused over the ice to Dawson, 28 miles. The shore ice gave way several miles from the city and musers had to take to the hills. Among the number was Mrs. Martin Jacobson, who outmused many of the men. All other women remained on the Vidette, awaiting dog teams from Dawson, which probably will take them and some men crippled with rheumatism out by following up the frozen surface of Indian river to the overland trail at Quartz creek. The Vidette is safe in winter quarters behind Point Indian. The steamer Pauline is in the main stream, but can be rescued from the ice later. A barge with machinery is still on the bar, where the machinery can be transferred to sleighs as soon as the river freezes hard enough. Two musers from the Vidette fell in the river, but scrambled out safely. Had it been 20 below, as it was the day before, they would have been frozen. Some arrivals left by stage to-day for the coast. Dr. Thompson, member of parliament, is still aboard the boat. There is plenty of food there until the dog teams rescue all.

"HIGH ROLLER" AT WORK IN REVELSTOKE

Takes in Several Residents and
is Himself Taken by
the Police

Revelstoke, B. C., Nov. 11.—There is an old saying that truth is stranger than fiction, but it has never been thoroughly demonstrated here until yesterday, when a man supposed to be John Oldcroft, of Port Arthur, Ont., was arrested by Chief of Police Parry, at the C. P. R. depot. His arrest was effected at the request of the manager of the local branch of the Moisons Bank, who claims that his paying teller cashed a fifty-dollar cheque for Oldcroft, which later turned out to be a forgery.

The prisoner arrived in this city on Monday last and registered at the City hotel as George Arthur, of Port Arthur, Ont. In conversation with Caley Bros., proprietors of the hotel, he divulged the information that he was the celebrated "Squeaky" Arthur, multi-millionaire from the Lake Superior city. He also stated that he was investing heavily in western real estate and offered \$20,000 for the hotel property. The price asked was \$45,000, but after a consultation with their solicitors the owners decided to accept Arthur's offer to split the difference.

An agreement of sale was drawn up, but the vendors' solicitor provided for a \$10,000 payment in one month and three payments of \$3,000 each, spread over a term of years. With his copy of the agreement in his pocket, Arthur or Oldcroft next called on the manager of the General Agencies, who was glad to find a purchaser of such ample means and who seemed to have exceeding great faith in the future of the city. Through this office Arthur purchased nearly \$10,000 worth of additional property, but, apparently, as in the former case, made no cash payments. The supposed millionaire was dined and wined by a number of the prominent business men of the town and was voted a jolly good fellow by all. Then came a telegram from Port Arthur stating the cheque signed by George Arthur to be a forgery, and further that the genuine Arthur was still in that city. When searched at the police station the real estate "magnate" had nothing but the agreements of sale and a broken cigar in his pockets. He is being held for trial pending the return of the cheque from the eastern city. A fellow prisoner identified him as John Oldcroft, of Port Arthur, and says he bears no resemblance to the well-known millionaire. In the meantime the local realty dealers are trying to figure out how they "fell for" his story.

MILLION DOLLARS FOR FRANCE.

Patriots in America to Undertake a Loan.

New York, Nov. 11.—A war loan of \$1,000,000 to the Grecoan government will be raised in this country by the Pan-Hellenic Union, according to an announcement made at a meeting of Greek men and women in this city to-day. A cablegram authorizing an issue of bonds by the society, pending a flotation of Greek government bonds, was read. This message, President Anagnostis said, was from the Grecoan minister of finance. Five-dollar notes to be paid by the Grecoan government within ten years without interest are to be issued to leaders in the United States, said President Synadinos.

GLEN WILL HANG ON.

Ottawa, Nov. 11.—Advices from authoritative sources state that Glen Campbell will not resign his position as Inspector of Indian Agencies despite his recent reported good fortune of falling heir to a fortune, calculated in millions.

For Christmas-- Give Entertainment, Education, Happiness

right away, a gift
that need not be expensive and yet one
that will carry with it more
real happiness than any other you
can select, **A COLUMBIA GRAPHOPHONE**

The "IDEAL"

The COLUMBIA DOUBLE DISC RECORDS are a great feature in themselves. Each DOUBLE DISC is two complete records, two different selections. The manufacturing process has been refined until these records are practically perfect.

The wide range of selections we carry—one of the largest stocks in Canada, 5,000 different selections—enables you to choose as wide a variety of entertainment as you can desire, and new selections are constantly added.

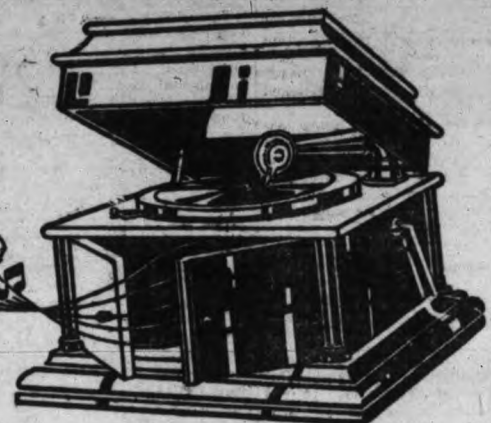

The "REGENT JUNIOR"

The "MIGNONETTE"

It's not too early to be
thinking about SOME of
your Christmas gifts.
There is ONE gift, at least
that you can decide on

There is no comparison between the COLUMBIA and other reproducing instruments, because the COLUMBIA represents the very highest attainment in the art of manufacturing Graphophones. It is—in its various forms and styles—the ONE instrument that reproduces the original JUST AS IT SOUNDED. The early difficulties of "scratchy" and "tinny" sounding records have all been absolutely removed. To-day, when you put a FAMOUS COLUMBIA DOUBLE DISC RECORD on the table of a COLUMBIA GRAPHOPHONE, the results are the same as if the artist were spending the evening with you and was pleased to give you of his best.

The "NONPAREIL"

So, make your selections for CHRISTMAS GIFTS from a complete stock NOW.

Almost Any Price From \$20 to \$250

And any terms you want, from \$1 a week up. Attend one of our Demonstration Concerts this week. "Hearing's Believing."

MAKE WASHERWOMEN OF DISORDERLY PEOPLE

Magistrate South Has a
Scheme for Solution of Peculiar Mainland Problem

Vancouver, Nov. 11.—As a solution to the problem of the refusal of the New Westminster jail authorities to accept for custody certain women sentenced in the Vancouver courts, Magistrate South will at the next meeting of the police commissioners suggest that a laundry be established where these undesirable may be employed at labor that is anything but to their liking.

This announcement was made during the trial of May Evans, charged with being a disorderly person. Her case was remanded until next Monday. The Evans woman stated in court that she did not fear being sentenced, as she was confident she would be turned out by the New Westminster jail authorities. Her remark was immediately taken cognizance of by Magistrate South, and he stated that he intended as soon as possible to have this overconfidence on the part of the accused women banished.

"If I can," said Magistrate South, "I will see that you women are well taken care of in the future. A place should be made for you so that you will not have such uneasy time."

where you will have to wash and iron clothes that other laundries refuse to accept, then I think you will change your tune a little bit. This idea of coming before the court with the expectation of being released has got to be stopped.

"It is a disgrace for women of your calibre to come before the court with a smile on your faces, indicating that it little matters what sentence is imposed upon you. I think that if you were made to work in a laundry for a few months it would change your attitude considerably and you would stop following the night life."

TAKE STEAMER ASHORE.

Sault Ste. Marie, Mich., Nov. 11.—The steamer Rosedale, upbound, ran ashore on Detour Point in a heavy fog last night. The tug Schneck with a lighter was dispatched to her assistance this morning. The Rosedale is loaded with package freight.

JUSTICE HAULTAIN'S SEAT.

Regina, Sask., Nov. 11.—Nominations for the bye-election in the provincial riding of South Qu'Appelle to fill the vacancy caused by the resignation of Chief Justice Haultain are set for November 27, with polling December 4.

Try Cuticura Soap and Ointment Free

WILL GIVE REFEREE POWER

TO CHANGE UMPIRE'S RULING

Important Clause Will Be Adopted by Coast League at Annual Meeting This Week—Season to Start Earlier
Victoria Sure of Eight Games

One of the most important changes to the rules of the Coast Hockey League this season will be that of giving the referee authority to over-rule a goal umpire. This clause will be voted upon at the annual meeting of the league, which will be held in Vancouver this week, and it is expected that by installing the referee with complete control of the game, many possible disputes over goals will be eliminated. The referee will have power to change an umpire and give a decision upon the disputed goal, according to the proposed new rule.

Advance Hockey Season

A draft schedule for the coming season is now in the hands of all three clubs, and will be decided upon also. It is planned to give Victoria eight, and possibly nine games, with several post season games at the conclusion of the regular schedule. Another matter that will come up will be the advancement of the opening of the season. The settlement of the trouble with the eastern teams gives the B. C. H. A. a better chance to get an early start, and the opening will probably be held in Vancouver within a month.

VICTORIA FINISHED

LAST IN FIELDING

Bees Lead in First Sackers, While Meek Led the Sluggers
Rawlings Showed Up Well

Official fielding averages of the Northwestern League which have just been released by President Jones show Spokane to be at the head of the list.

Vancouver, Seattle, Portland, Tacoma and Victoria follow in order.

Brooks, of Seattle and Victoria, is the real leader among the regular first basemen, although Hap Myers, of Spokane, is but one point behind him. Williams, of the Colts, was next on the list.

Ward McDowell was the premier second sacker with an average of .962, with Nill, of Tacoma and Seattle, in second place among the men who played regularly.

Tealey Raymond led the shortstops, having a margin of six points over Rawlings, of Victoria. Dutch Altman, of Spokane, was the premier third sacker of the circuit, although Hap Kibbie finished a close second, and played in more games than his rival.

Powell, of Spokane, led the left fielders, Hartley, of the same club, the center fielders, with Neighbors, of Tacoma, showing the best percentage among the right fielders.

Bert Whaling, of Seattle, was the class of the league behind the bat and Heinie Steiger the best fielding pitcher who had worked in any considerable number of games.

It is expected that the official batting averages will show that the league in hitting with Harry Meek, James, of Seattle; Noyes, of Spokane, and Clark, of Vancouver, are expected to show the best pitching records.

Soccer Siftings

Sons of England won easily from Navy-Esquimalt, 8 to 1 being the final score.

Esquimalt had a good back division but a poor attack. Sons' forwards were shooting accurately.

Martin finished the Sons' scoring, while shortly before the whistle blew Brown scored the losers' only goal.

The North Ward players, Baynes, Brown, McCarter and Taylor are rounding into old time form, and should certainly be in grand condition when they reorganize for the Morley cup series.

Sammy Lorimer's squad drop back to fourth place, Thistles winning easily by six to two.

J. B. A. eleven put up desperate fight, but couldn't overcome the Thistles who were all at home in the "mud."

EASTERN CANADA RUGBY

Argos Won Big Four Title by Defeating Ottawa 23 to 11—
McGill and Varsity Tied in College Union—
Regina Wins Western Honors at Winnipeg

Argonauts will represent the Big Four in the Eastern Canada Rugby finals this year. The victory of the Argonauts over Ottawa on Saturday at Toronto, 23 to 11, clinched the title for the Scullers and they are now prepared to meet the winners of the college title, either Varsity or McGill, in the finals. The winners of the Ontario Rugby Football Union championship, the Aleris, of Hamilton, will go into the semi-finals, but it is hardly likely that the O. R. F. U. champions will be able to win over the college title holders or the Big Four champs.

College Saw-off Necessary.
Hamilton defeated Montreal in the final Big Four at the Ambitious City. The "Tigers" winning up their season in a blaze of glory. Varsity was victorious at Queen's, the final score being

9 to 2. The game was played in a sea of mud, but the showing of the Toronto students was not as brilliant as that of the McGill team against the Kingston collegians a week previous. McGill and Varsity saw-off on Saturday at Toronto for the championship, the red and white of McGill being favorite over the blue and white of Varsity. This is the first time in three years that Varsity has failed to win without having to go into a saw-off.

Regina Takes Title.
McGill won an exhibition game from Toronto Parkdale, O. R. F. U. team, 36 to 12, at Montreal, the students taking things easy. Regina defeated the Winnipeg Rowing Club in the final for the Western Rugby honors at the "Pig," the final score being 5 to 0 for the Dead City fourteen.

WESTERN TOURNEY BOOKED FOR COAST

Annual Bowling Congress Will Be Held in Vancouver Next March—Officers Elected

For the first time in Canada the annual tourney of the Western Bowling Association will be held at Vancouver from March 4 to March 13, inclusive, under the auspices of the Vancouver Bowling Tournament Association, officers of which were elected at a meeting held in the Terminal City on Saturday. The congress has the support of the city of Vancouver, an official invitation having been extended to the W. B. A. officers at Los Angeles a year ago during the tourney held in that city.

Victoria Bowlers Enter

Bowlers from all the coast cities will compete, inquiries having been received from as far north as Juneau, Alaska. Portland, Seattle, Tacoma and Frisco will send strong delegations. Victoria will be represented by several teams, while the Capital City tenpin experts will be strongly represented in the individual events. The tourney will cost about \$7,500 exclusive of the prize money, the latter being covered by the entry fees. The regulation events will be as follows: Five-man teams, fee \$25; two-man teams, fee \$10; individual events, fee \$5. In addition special prizes will be given for the cross alley totals, high string, etc.

Officers Elected

It is just possible that the winners will take in the American bowling tournament, which will be held in the East. The officers chosen were as follows: President, A. L. Hagar; first vice-president, R. H. Cliburn; second vice-president, John Moss; treasurer, J. A. McIntyre; secretary, J. W. Morris. Further particulars will be announced later.

"Doubtful" The Senate.
Democrats, 48; Republicans, 41; doubtful, 7. Total, 96.
This gives the Democrats, with the vote of the vice-president on a tie, a majority in the Senate. The Democrats claim they will have fifty seats.

House of Representatives.
Democrats, 291; Republicans, 117; Progressives, 18; total, 426. The foregoing shows the standing of the House of Representatives of the 63rd (new) Congress. The total 291 gave the Democrats 79 more than the 218 necessary for a majority and 58 more than the Democratic membership in the 62nd Congress.

Threadneedle street, in London, is supposed to have gained its name from the Three Needles, which used to be the sign of the Needle-makers' Company.

DISFIGURING SIGNS SHOULD BE BANNED

Eminent Architect Says City Should Be Kept Beautiful—
The New University

W. D. Caroe, F. S. A., of London, England, who is to lecture this evening to the University Women's Club on the subject of "Westminster Abbey," is still busy assisting to judge the plans for the new provincial university. The site is an ideal one," he said on Saturday to a Times representative, "and I think the opportunity is almost unrivalled for doing a really fine thing, which might set the taste in this country for many years to come. The new building should be only—and promises to be—done in the only best way possible; in more than one respect this is very important for British Columbia."

"I think the authorities here were quite right in suggesting that an English type was the right one for the place, and that the new university should reflect the feeling of Oxford and Cambridge rather than that of the modern American university," continued the speaker. "The surroundings, for one thing, are much more the tone of England. The Greeks carried their architecture almost to the last point of refinement and beauty, and these modern attempts to emulate the ancient Greeks always fall short of the ideal. The Oxford and Cambridge styles, while being stately, are still homelike and unpretentious; in America, on the contrary, the style is apt to be ambitious and often grandiose."

Mr. Caroe also emphasized the importance of town-planning, and referred to the opportunities which lay before the newly-forming cities of Canada in this respect. "Where a new town is growing up," he said, "if you be of immense value if public amenities were considered at the outset. In the old country there are so many vested interests that it is impossible to work to a scheme, but in this country it should be a comparatively easy matter. In the long run the public taste and the interest of the cities themselves, as well as the monetary interest of the individual, will gain by it."

While speaking Mr. Caroe's gaze was arrested by two prominent advertisement signs dominating the harbor. "Those are examples of what should not be allowed," he said with emphasis. "In England any local authority can frame by-laws to prevent such unsightly features—but there they have the vested interests against them. The local legislature should get a copy of the English Act, and have it enforced. In the long run the laws for the prevention of such selfish disfigurements, and the smoke-nuisance, for instance, would redound to the advantage of the factory owners themselves, as the consuming of the waste products has been proved to be a saving of fuel."

FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any gripping nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c. and 10c. Sold only at our store—The Rexall Store, D. E. Campbell.

Walter Sutton, a farm bailiff of Hainford, Norfolk, died from the effects of a wound caused by a thistle thrusting his thumb during harvest operations.

SAANICH COUNCIL HAS NOT SOLD DEBENTURES

Warning From Agent Not to Interfere With Indian Reserve Fences

It is a far cry from the Balkan war to the administration of municipal affairs in Saanich, but on Saturday at the meeting of the council the state of financial markets to-day because of the war cloud was referred to by Councillor Dunn.

Some months ago the residents of that district put up the necessary deposit, had three by-laws passed, and the contract was let to Brown & Simmons for the permanent work required. The council, however, did not sign the contract, as the debentures authorized thereunder have not been disposed of, and accordingly the work has not been commenced.

The subject was introduced in a letter from the contractors asking to be permitted to commence excavation now, and to continue in the spring.

The reeve said the debentures had not been sold, although Mr. Carmichael explained he was now receiving some inquiries for them, and hoped to complete a sale.

The reeve said that up to the present they had never received less than 95 per cent net.

Councillor Dunn thought the ratepayers interested would gladly pay 8 per cent for money and get the work started.

Mr. Nicholson: "You would not have us hurt our credit like that, in a municipality which has not a dollar of general indebtedness."

Councillor Dunn: "Well, if war happens, we may be glad to get money at 10 per cent."

The reeve promised he would endeavor to hurry the sale of some of the debentures, so that work should not be indefinitely delayed.

The letter of Brown & Simmons will be filed till the financial situation is relieved.

Indian Reserves.

For some time the council has been petitioned to set back fences on the Tserlip Indian reserve, West Saanich, which are alleged to be on public property. A line run by J. B. Greene, surveyor, shows the public road boundary running through the middle of one house, and takes a strip of cultivated land off another Indian's property.

Now a letter came from Indian Agent W. R. Robertson, Cowichan agency, stating that whatever was the correct line, rights of prescription had grown up, and as the Indians had occupied this land for 30 years they could not be disturbed. In any case they were entitled to compensation.

The reeve said he would not recommend any of the council's officers to remove the fences, as they were likely to get their heads knocked off.

It was determined to receive and file the communications.

The member for the district, F. H. Shepherd, M. P., has already been approached on the matter.

Water Mains.

Blackway and Young complained that water pipes on Davin street, for the installation of which they had paid, had been replaced by workmen a few inches from the surface.

The road superintendent explained that the pipe was under the road grade and not the requisite feet from the property line. He said there were several miles of water pipe in the municipality less than the 18 inches below the road level.

Miscellaneous.

A petition for water service from the district east of Douglas street and north of Tolmie avenue, was filed, as there is already a petition in covering the same ground. The desperate situation the residents outside the city boundary are in for water was set out in the petition, which was extensively signed.

The delay in the delivery of the rock crusher which has been on the road for a month, was said to be occasioning considerable delay in the district, and representing much financial loss.

The council extended their thanks through Councillors Dunn and McGregor to Reeve Nicholson and Councillor Quirk, their representatives, who attended the B. C. Union of Municipalities convention at Revelstoke, after a report from these gentlemen had been read.

Dr. H. R. Nelson reported he could find no justification for the complaints lodged by the Victoria Laborers' Protective Union against the state of the almshouses at Tod Inlet, which had passed on from the provincial department of health to the local authorities for investigation. The report was signed, and copies will be sent to the local bureau, and to the union making the complaint.

The reeve informed Councillor Hill that the Cadboro Bay hotel was operating under a temporary license, pending the next session of the licensing court.

COMPREHENSIVE PLAN IS REQUIRED

HARD ROAD SURFACES ARE ESSENTIAL NOW

Reeve Nicholson Says It is Only Solution for Motor Traffic

Reeve Nicholson told the Saanich municipal council on Saturday that the time was coming when they would have to submit a by-law for something like \$300,000 for permanent paving of the principal roads of the municipality, particularly those within five miles of the city boundary. He believed it was the only solution of the problem, while the heavy traffic and motor vehicles were cutting into the highways. He thought they would have substantial assistance from the government in this regard. The ratepayers, he was confident, would vote for the by-law.

The clerk, Mr. Carmichael, asked for increased accommodation at the municipal hall, and said some steps must be taken to add another story or build a wing to the present hall.

Councillor McGregor said when this was done they should consider the question of a lockup, and quarters for the constable.

There was some discussion as to whether it required only ten per cent of the ratepayers to petition to submit a by-law for the necessary amount of these proposed by-laws, and the reeve promised he would look into the matter with the solicitor.

Councillor McGregor said the trunk road to Royal Oak certainly required a permanent surfacing.

Councillor Borden asked whether the assessment should be spread over the whole municipality, and the reeve said that was his intention.

An Experiment.

In connection with road improvements the Worswick Company will be invited to submit an estimate of permanently paving the continuation of Douglas street from Tolmie avenue to Cloverdale avenue. They asked to be allowed to make a test in the municipality, preferably near Royal Oak, at cost price, with five-inch thickness of asphalt.

The councillors, however, felt that the Douglas street section would be more desirable, and would also form a continuation of the city's permanent work on that street.

Subdivision Plans.

Among the subdivision plans which came before the council, two or three provoked some discussion. The first of these cases arose out of the subdivision which is proposed of properties abutting on Cedar Hill cross road, where the councillors recommended that the plans should be accepted subject to the owners leaving 15 feet against the existing roads, to complete the full width to 66 feet eventually.

The reeve said no notice had been received of the appeal on this point to the executive council in cases where the municipal authority had held up plans.

The two plans involved in this action of the council were referred back to the surveyors who submitted them, on that ground, to make the extra road allowance.

A subdivision of the Mount Tolmie district, part of section 27, was submitted with the usual allowance of 66 feet for the continuation of Shelbourne street, which it is hoped ultimately to make a 100-foot driveway, to Mount Douglas park. The representative of the owners stated that they were willing to increase the 66 feet allowance to 100 feet in view of the object aimed at, although on reference to the other plans registered he found that only 66 feet had been allowed.

The reeve said there was one case where the owners had voluntarily allowed 100 feet.

The plan will be accepted, subject to a favorable report from the road superintendent.

The third case arose from a proposal to amend the plan for the proposed subdivision of section 9, range 3, east, South Saanich, which has in view the gift by the property owners of a strip of land adjacent to the Victoria & Sitkum railway, so that the road may be diverted along the side of the railway, and save two level crossings which now exist at this point.

PASSING SHOW

The Empress Theatre.

"The Miser's Dream" is the title of an interesting and amusing playlet which leads a good bill at the Empress theatre this week. Hyman B. Adler, a well-known metropolitan stock actor, who won a great reputation for his clever character work, appears in the leading role, and is capably supported by Miss Daisy Stenphill, formerly a member of the "Seven Days" company, and Miss Marlene Valentine, who was connected with Henry W. Savage's production of "The Thief." The sketch is in keeping with the excellence of the playlets booked for the entertainment of audiences at the Government street vaudeville house.

One of the most notable of the foreign comedies sent across the Atlantic by the agents or Messrs. Sullivan & Considine is the comedy act furnished by Leonard Martinek on this week's bill. Martinek comes to the Empress fresh from a long engagement at the well-known Wintergarten, of Berlin, which says much for the character of his act. Leonard Martinek is considered to be one of the cleverest comedians from the European stage, and a series of rag-timers, piano-players and burlesquers, offer a merry number. The three young men sing well and include some eccentric dances in a versatile act which is considered high in rank among

its class. Their songs are of the popular order, and they include some travesty that keeps the audience amused all the while they are on the stage. "The American Boy," as Miss Grace Leonard is known on the vaudeville stage of the continent, does some brilliant work as a male impersonator. She is a wholesome-looking young woman and with cleverness and artistic ability in plenty offers some boyish characterizations and sings some good songs. She is assisted in the act by Frank Wilson. Both Dale and Boyce are good dancers. This couple, who are billed as "The Belle and the Beau," have an act that differs much from the ordinary run, and offer some surprises. They can sing as well as dance and keep up the interest from start to finish. Majestic Theatre.

World's Championship Baseball Series, 1912, New York Giants vs. Boston Red Sox. Special Pathe release showing the best part of the eight games for the world's baseball championship in New York and Boston will be shown at the Majestic to-day and to-morrow. Another big feature on the same bill is Rameses, King of Egypt, a production of unparalleled magnificence, depicting a thrilling romance laid in the days of ancient Egypt. King Rameses, hearing of the beauty of a young shepherdess, disguises himself as a peasant and journeys to her home. She resents his ardent advances and tells him of her devoted lover, a shepherd, tending his flocks. The King, angered, has her carried off by force to his palace. Although rejected, he determined to win her with lavishness, but without avail. The shepherd, hearing of his lover's abduction, vows vengeance on King Rameses and attempts to stab him. When again the King's advances to the shepherdess are rejected, he orders the two lovers before him and, in all the magnificence of the Egyptian court, he magnanimously commands their marriage to take place. The splendor of the Oriental courts, wonderful processions and ceremonies are all shown in a story not soon forgotten.

Of New York's \$7,500,000,000 of assessed real estate, it is estimated two-thirds is mortgaged.

Some Clothes are not "Semi-ready"

IT is true that the name "Semi-ready" has been accorded a generic meaning by the public—but there is actually but one maker of genuine Semi-ready Tailoring in Canada.

There are imitations—for in the clothing trade all sorts of deceptions have been practised for ages. It was to help retrieve the blunders of the deceivers and to uplift the trade that the plain-price and the trade mark were added marks of Semi-ready quality.

No other makers in Canada have had the courage to place the price worth on every garment made—like the Semi-ready garment is marked—

To protect you against imitations, this trade mark and the plain price label is sewn in the pocket of every Semi-ready garment.

Range Talks by the Housekeeper

No. 1. Subject "The Appearance of a Range"

"It's nonsense to say that the housewife does not prize a beautiful range—YOU may as well say that a woman does not prize a nice home. Most women like beautiful things—they like every room in the house to reflect their good taste.

"Show me a woman's kitchen and I will tell you what the rest of her house is like—If the kitchen is spick and span; if there is a beautiful range there, you can rest assured that the lady is the mistress of a well appointed home, not necessarily a lavishly furnished home, but a home that is tidy and clean; just as beautiful as the family treasury can afford to have it.

"The first thing a woman notes about a range is its appearance. You cannot evade that fact, you cannot afford to ignore it. The appearance of a range is of great importance to every housekeeper, and our biggest range makers know it.

"For instance, look at this range—it stands out prominently—compels closer acquaintance—demands investigation.

"And yet, the beauty of the 'KOOTENAY' Steel Range is quiet and refined showing real artistic merit on the part of the designers.

"The nickel adornments are rich—McClary's famed 'Duplex' nickelling process makes for lasting beauty. Combine this with the beautiful, smooth, burnished surfaces of this range—surfaces that stay as smooth as polished plate glass, and you can easily realize why delighted users call the 'KOOTENAY' Steel Range the most beautiful of all ranges.

"Yet, the 'KOOTENAY' is easily kept clean because the carving is big and bold—none of that elaborate, superfine tracery which is such a heart-breaking feature of common ranges and so difficult to clean.

"Now—I do not say that a beautiful appearance is the important essential but it is of primary importance, because we note it first. The Oven is the important essential—that's the subject of our next talk. And you can take it for granted, that the Oven of the 'KOOTENAY' is in keeping with its handsome appearance."

108 Pemberton Block

Furnished house to rent in nice locality—\$45.00 per month. 150 acres good land, good timber, at \$40.00 per acre, should be \$60.00 per acre, situated close to Combs Station, Englishman's River, and about 2½ miles from McBride's Station, junction of Alberni and Comox Railway. About two and a quarter million feet valuable timber, free of taxes and government royalty. Quite a number of houses and settlers in the vicinity of this property. We recommend this as a great money maker, having a knowledge of its value. Call and see plan and get further particulars.

We'll Pay Settlers

To settle on these splendid farms of ours by selling the property cheaper than anyone else can buy it. Only bona fide settlers who will go on the land need apply for purchase at these special prices.

This land is first class, rich, deep ranch soil that will grow anything natural to this climate. It is divided into tracts of 5 acres each. It lies close to Victoria, in a delightful district, right on the new Saanich Electric line, and with a station in its midst. This means a market and transportation for all you can produce, and THAT means good money in your bank.

The prices of this fine property start at only \$450 an acre, and ascend very little. The terms are very moderate: One-fifth cash, balance 1, 2, 3 and 4 years at only 6 per cent.

SOMETHING CANADIANS MIGHT DO.

To the Editor:—I have to thank you for your kindly notice of a lecture I delivered at the Y. M. C. A. on "The Cross, the Crucifix and the Crescent," on matters having a bearing on and leading up to the situation in the Balkans immediately prior to the war against the Turks now in progress.

All misunderstandings based on religion and racial antipathies usually result from somewhat remote times and cases, and causes naturally cover a wide area, the effects of which it is almost impossible to forecast. In the present circumstances, if the Balkan confederation which has just sprung into existence is only permitted by the great powers of Europe to settle affairs with Turkey, a satisfactory peace may result, but if, on the other hand, outside pressure is brought to bear to patch up an agreement, there will be no real peace and the old inter-racial and religious troubles will soon commence again.

Now, although Britain is in a position to stand out of the complications longer than any other of the great powers, it may so happen that she might find herself so placed that her moral support might be necessary in warning other powers against interference or of taking advantage of the situation to their interests to the prejudice of those of Britain. We are constantly hearing of the weakness of Britain as regards her land forces and the military training of her manhood, and it would undoubtedly increase her prestige and add weight to her moral strength if the Dominions beyond the seas would now come forward and offer voluntary assistance in personnel, even from the untrained manhood who have not yet offered their services to volunteer corps.

In Canada there seems to be a prejudice against military training in any shape or form; now, surely some of those so prejudiced could bring themselves to offer their services in any capacity in the interests of peace and welfare of the Empire, and allow the statesmen of the imperial government to best judge in what manner their services could be best employed. Apart from actually bearing arms and handling machine guns and other engines of war, there are many duties connected with transport, supply, ambulance, cart, etc., which can be performed by men who have to do with farming or office work, and factory hands and general laborers, too, can be of great service in assisting the mobility of the actual striking force where it might be necessary to only threaten with such force.

Having been in touch with those connected with recruiting, both at home and in remote parts of the Empire, I am aware of many of the difficulties connected with the raising of fighting units to their desired strength. I feel sure that, in this Dominion, where the country offers such varied practical opportunities for employment, and where success depends so much on individual merit, and not on social interests, that the rising generation must naturally be prejudiced against any form of honorary rank bestowed on individuals holding important positions in everyday life. On this account it would seem that recruiting should be done on entirely different lines; the men of the rank and file must be enlisted first, and they should have a voice in the selection of their officers. It is simple enough to find a person willing to be a commanding officer. Unfortunately many think that they can quite well "boss the show" in a concern they know nothing about. After all, this is only "the valor of ignorance." But it is difficult to find among men of practical minds individuals willing to risk their lives when under fire under the orders of such an "honorary" officer. Those who fill officers' ranks first and then those of N. C. O.'s saddle themselves with unnecessary difficulties when they come to recruiting the personnel for the ranks, as personal prejudices form a powerful factor, which very naturally comes into play.

When the Territorial system was started at home it was the Salvation Army that was found to be the most formidable passive resister, and after General Booth had been approached by the military authorities and a complete understanding was arrived at, the system became far more popular among the Nonconformists.

It would seem that if matters were properly put before the public, who are as a rule nothing aloof from various naval and military organizations which are at work trying to enlist recruits, a great number might be encouraged to enrol themselves as

special service men whose very callings render them useful in assisting the Empire in the maintenance of peace, and when they come to clearly understand that force is sometimes required to put a stop to trouble they will soon be able to realize that their prejudices are to a large extent based on imaginary foundations or somewhat unsound ones.

It would be a great encouragement to men like Lord Roberts, who is essentially a man of peace (though peace with honor), if an offer of some special nature came from the overseas dominions at the present time, and surely Canada will not be behind the others, to whom she has always given a lead where a case of good example has been necessary. There is little doubt that if the straw and bricks were forthcoming, institutions like the Y.M.C.A. would collect the names and qualifications of those who have not already promised their services.

Now, sir, it is up to you, with the influence your valuable columns have with the educated public, to start a list of men willing to offer their services to the imperial government in any capacity required—irrespective of rank—with pay proportionate to the services they may be able to render.

C. B. SIMMONDS,
Major (late) R.A.,
Reserve of Officers.

BRIDGING THE GANGES.

The task of bridging the Ganges, the great river of northern India which issues from an ice cave at the foot of the Himalayan snow bed, has been assigned to a group of English engineers. The bridge, which is over a mile in length, is to carry the Eastern Bengal State railroad over the Ganges from Damukella to Sara Ghat, the place of pilgrimage, to which hundreds of thousands of devout Hindus repair once a year to wash away their sins in the sacred river, says Pall Mall Gazette.

Spanning the river, the bridge will be carried on steel trestles, which in turn will be supported on massive steel girders in granite piers. The contract consists of 15 main spans, each 250 feet long and 52 feet high, and weighing 1,300 tons.

The Ganges is essentially a river of great cities—Calcutta, Patna, Benares, Allahabad—all lie on its course, and the ancient capitals of Agra and Delhi are on the Jumna, higher up. Great changes take place from time to time in the river bed of the Ganges, which considerably alter the face of the country. Extensive islands are then thrown up, and many decayed and ruined cities that are then discovered attest the changes in the river bed in ancient times. The bridge will cost about £1,250,000 to build.

THE BEST WHISKY SOLD in Canada, regardless of nativity, is the

Special Selected Whisky

of the Corby Distillery—pure—straight whisky—without artificial flavor or color—sold in bottles under Government seal.

The color of this whisky is the golden glow from years of mellowing in charred oak barrels—at an evenly warm temperature. The flavor is the natural, mild sweetness of ripe old grain. That fiery, harsh, smoky taste of ordinary whisky is entirely absent.

—serving hotels and liquor stores.

COQUITLAM

"The Industrial City"

We are working along a carefully conceived plan to build up Vancouver's greatest manufacturing sub-city at Coquitlam.

As we own or control about 85 per cent of the townsite area and almost all the waterfront, as well as being owners and builders of the two miles of industrial railway, we are in a more favorable position to meet the requirements of manufacturers than any other location in or about Vancouver.

COQUITLAM'S ADVANTAGES

Include cheap hydro-electric power, sites at cost, special taxation concessions, splendid fresh water harbor facilities, cheap homes, cheap lots and houses on easy terms or low rent for workmen, low cost of living, cheap fuel, large car storage, splendid local trackage and outside distribution facilities, and last, but not least, the cordial co-operation of a large and powerful corporation—our company—which is prepared to assist deserving industries with financial and moral support.

Get our new booklet "Coquitlam, the Industrial City," now in preparation, which tells all about the new town that is securing such a reputation for solidity and genuineness.

BIRTHDAY CALENDAR

IF THIS IS YOUR BIRTHDAY

There will be much that will give
you satisfaction in the coming year.
In material things you will reap the
reward of patient endeavor and among
those dearest to you happiness will oc-
cur.Those born to-day will be persever-
ing and will go steadily forward to
material success. Their enjoyment of
this will be greatly enhanced if they
learn while young that cruelty and
passion bring pain and regret, if not
controlled; for these are their faults.Birthday
Congratulations

NOTICE

NOTICE is hereby given that application will be made at the next sitting of the Board of Licensing Commissioners, after expiration of 30 days from the date hereof, for a transfer of the license held by us, Mary Jane Brown and George Andrews, both of the City of Victoria, for the sale of spirituous and fermented liquors, on the premises known as the Tourist Hotel, situated at 828 Johnson street, in the City of Victoria, to Edward A. Muldoon, of the City of Victoria aforesaid.

Dated at Victoria, B. C., this 9th day of November, 1912.

MARY JANE BROWN,
GEORGE ANDREWS.

PAPE'S DIAPEPSIN

ENDS INDIGESTION

Time! No Sour, Gassy Stomach or Dyspepsia in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; it's harmless; it's certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

SIR THOS. LIPTON AND AMERICA CUP

WILL CHALLENGE IF
RULES ARE ALTERED

Great Sportsman and Yachtsman Arrived in Town Yesterday

As kindly, as humorous, and as unassuming as ever Sir Thomas Lipton, Bart. K. C. V. O., king of yachtsmen and prince of good fellows, arrived at the Empress hotel last evening from the mainland. He is accompanied by Colonel D. F. D. Neill, who is a submarine mining engineer, and has gone in for yacht racing successfully for thirty years.

The years have dealt lightly with the famous baronet, who, if a computation were attempted, would assuredly be counted in the first dozen of the world's most popular men.

The Secret of Popularity.

And yet the secret of his popularity is not far to seek. It lies in the fact that he is always himself—entirely natural, spontaneous and kindly. Any one can be what he is not; in fact scarcely anyone can help being it. But to be what one is; that is subtlety, that is the hardest, the cleverest thing in this world to be. Friend of potentates and of the brightest figures in almost every realm of endeavor, Sir Thomas has still continued to retain that warm, kindly human spirit with which his name is associated wherever he is known.

His is an arresting personality; an arresting individuality. Tall and distinguished-looking, the first impression one gets of him is the shrewdness of his keen eyes under their rather heavy, very straight brows. His is the face of the man who has achieved, and has laid the cornerstone of success by sheer grit and unflinching enterprise. Kindness and a warm humanity are integral parts of his nature—and yet there is a power and strength in the firm lines of chin and mouth that remind one forcibly of Kitchener, the inexorable.

A total abstainer, Sir Thomas Lipton openly attributes no small portion of his success in life to his avoidance of spirituous liquors. His gospel is the gospel of hard work, and judging by the ambitious spirit which has placed him to-day right at the top of the tree, his motto might well be: "Let your reach always exceed your grasp."

Blue Riband of the Sea.

Seen by a Times representative yesterday, Sir Thomas explained that the prime object of his visit to America was to arrange for another race for the America Cup. In this connection he said:

"I have a strong belief that I shall be able to arrange with the New York Yacht Club for another race for the Blue Riband of the Sea. I shall be in New York in a week or so, and every effort will be made then to draw up a satisfactory agreement."

"Would you race next year, if the event could be arranged?" Sir Thomas was asked.

"That would not be possible," he replied. "I would build two yachts for the occasion, and they could not be got ready before 1914. I shall only use one, of course, and if at all, the race will probably take place about August of that year."

"Do you think you would win on this occasion?" asked the Times man.

"Well," he answered smilingly, one can but do one's best, but I feel that this time I have a very good sporting chance."

"You would not challenge under the antiquated rules which were enforced on the last occasion you ventured to lift the cup?" was the next question.

"I want to race," he answered promptly, "under the universal rules—that is, the rules adopted by every yacht club in the United States. But it appears they want me to sail under rules that are prohibited in every yacht club in America—not only on the east coast but in the lake clubs as well. I am asked to sail under rules that practically ensure that as soon as the race is over my boat shall be only fit for the scrap heap."

"If I were asking them to allow me to challenge under British rules," he added with a slight shrug of the shoulders, "they might justly refuse; but I am only asking to compete under the regulations which obtain in all the yacht clubs of the American continent. That is fair, is it not?"

Two New Boats.

"Would the Shamrock you have been sailing so successfully in the Old Country do for the great event?" the great yachtsman was asked.

"No," said Sir Thomas, "and for the reason that it was built under British rules, and is no use for racing in the States, as the 'Universal' rules are entirely different. My next challenger will be one of two of the best boats that British ingenuity and workmanship can turn out. They will be planned by different designers—the best in the British Isles."

"The Shamrock has done very well this year. We won six out of eight prizes in the international races at Kiel, Germany, last June, and we beat the two great German boats Meteor and Germania again at Cowes."

"Yes, I always use the same crew in the big races," said Sir Thomas in answer to a question. "Captain Sycamore, my skipper, is the premier yachting chief in England to-day."

The Delights of Flying.

Sir Thomas confessed that he had already been lured into the field of aviation, an art which he had learned at the hub of British aviation—Hendon. He is tremendously interested in flying.

"My best flight? Why, the best that I have done so far was from Hythe to Southampton and back in a twenty-five knot breeze. Miss Violet Asquith, the

premier's daughter, also made a flight in the same plane on the same day.

"I seriously believe," he added, "that the future of flying will be greater than many of us anticipate. I believe that the day will come when passengers will be able to embark at New York and travel to London on an aeroplane, and vice versa. Graham White, England's premier birdman, is confident on that point. By the way, if ever you want to take a flight, Graham White is the man to go with. He is as safe as a church."

"What do you think of the motorboat as rival to the sailing yacht?" asked the Times man.

"Well," he replied smiling, "I personally much prefer the sailing. But I must tell you that when I was last on board the Erin, my steam yacht, a little boat was tied up to her called the Detroit. She had sailed from Detroit by the north passage to Southampton with but a 16 horse-power engine for propulsion and a crew of four to work her, watch and watch about. After staying the night with us, she left on the following day for St. Petersburg, and though it was stormy and a heavy gale was blowing, she did not seem to mind it at all and arrived safely at the Russian capital. She was only 35 feet long, and I consider that feat one of the most remarkable adventures ever attempted, for they had a terribly bad time crossing the Atlantic. Plucky Capt. Fleming Day was the skipper."

When the great North German liner America passed the Detroit in the Atlantic she slowed down and asked them if they wanted any assistance. Capt. Day sang out "No, we are bound for Ireland."

The captain of the liner shouted through a megaphone, "Do you know you are a thousand miles from Ireland?"

"Yes," replied the skipper of the little craft. "Do you know you are two thousand miles from New York? Be careful."

"But, all things considered," added Sir Thomas, "I do not believe in motorboats; of course I am speaking merely from a sporting standpoint."

Speaking of the danger of yacht racing, Sir Thomas said that the Shamrocks which were built under the old rules for the America cup were very freakish and dangerous.

As is well known, King Edward was very nearly killed on Shamrock II, through the mast falling. Shamrock III, suffered a similar mishap at Weymouth, where one of the men was knocked overboard and killed by a falling block while in the very act of talking to Sir Thomas. Several of the crew also were thrown into the water.

It is to obviate these risks that Sir Thomas wants to race under the new universal rule which admits of a much safer boat.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Nov. 11—5 a. m.—An ocean storm area now central off Vancouver Island and is causing a strong southerly gale on the coasts of Oregon and Washington, and rain has been general southward to California. The weather is fair and moderately cold in the prairie provinces.

Forecast.

For 24 hours ending 5 p. m. Tuesday. Victoria and vicinity—Strong winds or gales from the south and southwest, unsettled and mild, with occasional rain.

Lower Mainland—Winds mostly easterly and southerly, fresh to high on the Gulf, unsettled and mild, with rain.

Reports at 5 a. m.

Victoria—Barometer, 29.79; temperature, 46; minimum, 41; wind, 12 miles S. E.; rain, .05; weather, cloudy.

Vancouver—Barometer, 29.78; temperature, 42; minimum, 41; wind, 8 miles E.; rain, .32; weather, rain.

Kamloops—Barometer, 29.72; temperature, 38; minimum, 34; wind, 4 miles E.; weather, cloudy.

Barkerville—Barometer, 29.66; temperature, 18; minimum, 16; wind, calm; snow, .04; weather, cloudy.

San Francisco—Barometer, 29.22; temperature, 59; minimum, 50; wind, 4 miles S. W.; rain, 12; weather, clear.

Edmonton—Barometer, 29.74; temperature, 30; minimum, 23; wind, 4 miles S.; weather, cloudy.

Winnipeg—Barometer, 29.94; temperature, 30; minimum, 28; wind, 14 miles N.; weather, cloudy.

WHY DON'T YOU TAKE BETTER CARE OF YOUR HAIR!

Don't let it turn grey. Don't let the Dandruff get a foothold and start the hair falling out.

It's not natural that young women should have thin grey hair that they cannot dress becomingly.

It should always be natural-colored—luxuriant—full of life and radiance—free from ugly grey hairs and annoying Dandruff.

Nature intended that a woman's hair should be one of her chief attractions.

Why not help her to keep it so?

MAKE MONEY Don't Just Save It

Buy a piece of property in a district that is marked for quick advancement, and profits will amount to more than you can possibly hoard up in the same time. Put your money to some REAL work and let it DO something for you.

WHY "COLLINGWOOD" IS A FINE BUY

You who live here in Victoria day after day are apt to lose the proper perspective. But, just note the comments of visitors from the East. Note the remarks, especially of those men of perception and good business sense, who have been in Victoria a year or two ago and return now. They are amazed at the growth. Take their viewpoint and try to realize that Victoria is growing at a tremendous rate, that settlement is covering a wider and wider area. The "su urbs" of to-day will be well in town to-morrow.

THE TIME TO BUY LOTS IS RIGHT NOW

The time to get your money in is right now, and the place to put it is in the so-called "outside" property, where prices are low, yet where good judgment indicates that there will be rapid settlement. "COLLINGWOOD" fills THAT bill completely. Located on the important main artery, Carey road, it is also facing one of the principal stations on the new Saanich Electric line, which will be running next month. Can't you see that "COLLINGWOOD" is BOUND to be good and that values will enhance almost at once?

Lots are all of large size, and make magnificent sites. The view is desirable and the locality is one of the very best in town. Fruit and shade trees on many of the lots.

There are some telephone users who would never dream of asking for an article over a store counter in the manner in which they ask the telephone operator for a number. Some who are in general the most courteous of mortals, will keep a busy man with his ear at the receiver waiting for the party who has called him up. Some people who would be shocked at the idea of having a friend ring their door bell again and again for admittance, can listen calmly while the telephone bell gives them repeated notice of some one's desire to talk to them.

Stockbroker and Financial Agent

SHERIFF'S SALE.

Under and by virtue of a Writ of Fieri Facias issued out of the Supreme Court of British Columbia and to me directed, I have seized and taken possession of the goods and chattels of the Anderson Construction Company at the Uplands, Victoria, consisting of construction plant, hydrants, cast iron pipe, nipples, tees and elbows, blacksmith's tools and outfit, bar iron, picks, shovels, files, rope, pick handles, wheelbarrows, cement, cement mixer, powder, groceries, provisions, etc., and will offer the same for sale at Public Auction at the Uplands on Wednesday next, November 14th, 1912, at 10.30 a. m. Terms of sale, cash.
F. G. RICHARDS, Sheriff.

Sheriff's Office, Victoria, Oct. 21st, 1912.
P. E.—The above sale stands postponed to a date to be fixed.
F. G. RICHARDS, Sheriff.
Sheriff's Office, Victoria, B. C., Nov. 4, 1912.

NEW YORK STOCK MARKET INACTIVE

Political Conditions at Home and Abroad Responsible for Dull Period

New York, Nov. 11.—There was not much snap to trading in stocks today, and although the opening was steady, the tendency later was for prices to drag. It is a market dependent on the political situation at home and abroad.

NEW YORK MONEY.
New York, Nov. 11.—Money on call firm, 4 1/2 per cent; ruling rate, 4 1/2 per cent; closing bid, 5 1/2 per cent; offered at 6 per cent. Time loans easy: 60 days, 6 per cent; 90 days, 5 1/2 per cent; 120 days, 5 1/2 per cent. Close—Prime mercantile paper, 5 per cent. Sterling exchange steady, with actual business in bankers' bills at \$4.81.25 for 60 days, and at \$4.85.50 for demand. Commercial bills, \$4.81. Bar silver, 62 1/2. Mexican dollars, 43 1/2. Bonds—Government steady; railroads steady.

WINNIPEG GRAIN.

Winnipeg, Nov. 11.—Wheat futures opened 1/2 lower and prices weakened a little on a very busy market. There is said to be considerable trade in May wheat, which many consider good buying at present prices. Oats were little changed and flax was quiet with downward tendency. There is but a moderate cash and export demand. Wheat—Nov. 84 1/2; Dec. 82 1/2; May, 87 1/2.
Oats—Nov. 34 1/2; Dec. 32 1/2; May, 35 1/2.
Flax—Nov. 120 1/2; Dec. 118 1/2; May, 122 1/2.

FIRE IN CANTON.

Canton, China, Nov. 11.—Fire that started here Saturday night almost wiped out a section of the city. A thousand houses were burned, while the general post office and the fire brigade station in the district were destroyed. The flames spread along the wharves, setting fire to several buildings on the island of Ho Nan.

DEMENTED BY HIGH PRICES.

Washington, Nov. 11.—A man claiming to be Jesse Dowdell, of Silverwood, Ind., who insisted on seeing President Taft to get him to lower the cost of living, was taken into custody at the White House today. He was unarmed and will be held for examination. The prisoner told the police he had tried to see Secretary Knox, of the state department, and James Bryce, the British ambassador.

On view Wednesday, November 13th. **Stewart Williams, The Auctioneer.**

money locked up in Douglas street and Hillside avenue are very large, and although a good deal of progress has been made with Pandora avenue, the work has not been rushed because the street could not be passed this year. Two of the principal bodies disturbed by this widening scheme are already making provision in new buildings for their accommodation, the First Congregational church, and the Knights of Pythias, while at the head of the gore the city has just passed a payment to the First Church of Christ for a strip required off the property owned at that corner.

The doubter who questions the advantage of widening schemes has only to look at Hillside avenue to-day, and remember what it was a year ago. It will not be long before the street will be transformed into a business district, having become the main artery of traffic between east and west in the northern end of the city. The setting back of the property line on Fort street is in progress at the present time, and the great improvement being made is already noticeable, although it has not been allowed to go without protest from residents who strongly-opposed the inevitable disturbance of their gardens. The widening on this street is going on slowly, block by block. It seems a surprising fact that Fort street should have ever been made so narrow that it had to be widened, as from the earliest days of settlement in Victoria it has been a trunk thoroughfare to the eastern side of the city.

A few street extensions have been carried out, but with the exception of Pendergast and Steele streets there has not been much done in this direction. The city was pledged to carry through the former proposal, giving connection between Vancouver street and Heywood avenue, while the other could not be held up, owing to the necessity of securing the land for right-of-way purposes for the north-west sewer, apart from the extension of the street.

SNAGS IN CONNECTION WITH THE COMMISSIONS

Minister of Agriculture Said to Object to Personnel of Agriculture Body

Snags have developed in connection with the appointment of the agricultural and labor commissions. The particular snag in the former case is believed to be the minister of agriculture, who is reported to be dissatisfied with the personnel decided upon by the premier before he left for Ottawa.

The minister of agriculture wants a real commission—one whose members will be of value to the agricultural industry. He will not stand for a body which will play the part of a sleeping draught, and it is suspected that he has strongly objected to the personnel as already selected. In view of his opposition probably no announcement will be made until the premier returns. It is said that Mr. Ellison prefers as chairman Alex. Lucas, who is in accord with his views as to the needs of agriculture while Sir Richard insists upon Mr. Hayward, who can be depended on to keep one eye on the political situation, and not permit the commission to overdo its part.

Just what is the hitch in connection with the labor commission it is difficult to say. It may be that Mr. Hawthornthwaite has refused to act as a solicitor to watch the legislation of the provincial house in all matters affecting municipalities, the executive met subsequently, and F. A. McDiarmid, who has a large practice in municipal cases as well as general law since he ceased to be city solicitor of Victoria, has been appointed. The services of this department are to be

SOLICITOR TO B. C. UNION.
 Former City Solicitor Will Act in Important Advisory Capacity.

In pursuance of the recommendation made by the recent convention of the B. C. Union of Municipalities, to appoint a solicitor to watch the legislation of the provincial house in all matters affecting municipalities, the executive met subsequently, and F. A. McDiarmid, who has a large practice in municipal cases as well as general law since he ceased to be city solicitor of Victoria, has been appointed. The services of this department are to be

FINCH & FINCH—Ladies' Outfitters

Fashionable GOWNS

For the Season's Coming Events

Through the excellent assistance of our buyer in Europe, we have secured Gowns that are equal to any shown in fashion centres of Europe and America.

Now that the ball season is at hand, we are fully prepared to take care of the wants of fashionable Victorians in showing from the simple afternoon and tea frocks to the most elaborate reception and ball gowns in wonderful combinations of colors and materials.

A Charming Gown

On exhibition is of pink charmeuse, with overdress of white chiffon, spangled in silver, with black trimmings, caught here and there with tiny French rosebuds.

An Excellent Creation

Is of French make, in old blue taffeta. The charm of this lies in its good style and simple lines. Trimming of knife pleating in self material.

Another Delightful Gown

Is a model in white charmeuse, with overdress of Brussels net, spangled in silver and turquoise.

Our prices are more reasonable than we have heretofore been able to offer.

Trimmed Hats of Rare Beauty \$10

At this price we believe these Trimmed Hats to be the best we have ever offered. Certainly they do credit to the originality and good taste of our millinery designers. For the most part the trimmings are feathers artistically arranged on velvet, velour and silk shapes. The choice is wide enough to allow for all types and tastes to be becomingly suited. These Hats come in black, black and white and all colors.

Owing to the special circumstances under which we bought the trimmings, we are enabled to offer what would be, in the usual way, \$15, \$18 and \$20 values at **\$10**

maintained by a levy on the municipalities concerned, which will not be large. The executive of the union meets again this month, at which the items of legislation to be taken up with the government will be considered.

OWNERS AND TAXES.

Nearly Twenty Thousand Dollars Outstanding in Past Two Years.

There are delinquencies amounting to about \$20,000 in the taxes of the Spanish municipal council, it was reported at the meeting on Saturday. The sum of \$45,260 has been collected in general revenue, and \$11,923 for schools, leaving a delinquency of \$11,513 up to October 31.

The total delinquency for 1911-12 for the general revenue is \$16,467, and \$2,062 for schools, making a total of \$18,529.

Since the thirty-first of October there has been paid in between \$2,000 and \$3,000 towards reducing this de-

linquency, according to the municipal clerk, J. R. Carmichael. The usual allowance of ten per cent. for delinquencies appears to have been exceeded, but this percentage is higher than that estimate. The reason is the large number of people, particularly prairie visitors who come here and invest, and it is found difficult to reach them, the addresses being insufficient.

PAVING CLOSING DOWN.

Storm Water to Be Cleared From Gorge Road Before Excavation Commences.

Paving is almost at an end for the present year, and the wet weather which has set in promises to bring to a conclusion shortly the work now undertaken. The Worswick Company is already looking out for other work in the suburban districts, and the Mineral Rubber Company proposes to close down as soon as possible. They have made a start with the

Gorge road, which is to be road graded at once, but it has first to find necessary to get rid of the storm water before excavations can be commenced. It will only be carried far as Manchester road this year, the second part of the contract being with a view to completion of the over the Gorge road bridge, while the balance from Carrol street to the boundary will not be let till next year.

LIQUOR ACT, 1910.

Section 16.
 Notice is hereby given that, on the 11th day of December next, application will be made to the Superintendent Provincial Police for the grant of license for the sale of liquor by whom sale in and upon the premises known as 1216 Broad street, situated at Y. toria, B. C., upon the lands described as Duck Block.
 Dated this 7th day of November 1912.
DIXIE H. ROSS & CO.
